About the Group

At Aventus, our purpose is to create amazing places where people can transform their home and lifestyle.

This purpose underlines why the Aventus team is focused on, and driven by, doing all things possible to deliver this to our customers, alongside our retail partners.

Underpinning this objective is how we use our values as a team to deliver on our core purpose – but also is our promise to each other, on how we behave and act, and towards all our stakeholders.

Our Mission and Objective

To be the leading Large Format Retail (LFR) pure-play landlord in Australia by consolidating the highly fragmented LFR sector through portfolio management, development and selective acquisitions.

To provide Securityholders with stable, secure and growing income returns and potential for capital growth through selective acquisitions and value enhancing development opportunities.

Australia's Home and Lifestyle Destination

Aventus has built a reputation for strong financial performance underpinned by a focus on Large Format Retail (LFR) to help Australians transform their homes and lifestyles.

Led by a trusted team of industry experts, we harness market insights and retail relationships to reinforce our leadership position in the face of remarkable new challenges.

At the heart of this effort is the pride we take in the Aventus Way: our values and a culture of continuous improvement to create amazing places for customers and retailers.

It is instrumental to our Core Purpose: "To create amazing places where people can transform their home and lifestyle"

The Aventus Way

Our Core Values devised by the Aventus team and introduced in 2017

Own It

We are hands on, proud yet humble, and accountable

Do It Now

We act with urgency and without fuss

Hungry

We have the passion, energy and stamina to make a difference and achieve our goals

Find a Better Way

Continuous improvement is in our DNA

Got Your Back

We respect each other and tell it like it is

Customer Focused

We exist to inspire and add value for our customers

Hills Super Centre, Castle Hill NSW

COCO REPUBLIC

Hills Super Centre, Castle Hill NSW

Our Core Purpose

To create amazing places where people can transform their home and lifestyle

Hills Super Centre, Castle Hill NSW

Aventus prides itself on being proactive, hands on and visible and wants to redefine the future of retail property.

The Aventus Retail Property Group (the Group) (ARSN 608 000 764 was listed on the Australian Securities Exchange (“ASX”) on 16 October 2015 and invests in Australian retail property, focusing predominantly on Large Format Retail (LFR) centres. On 1 October 2018, the securities in the Group were stapled to Aventus Holdings Limited shares to create the Aventus Group (**AVN, Aventus or the Group**).

Aventus is an Australian success story built on dedication, ambition and innovation.

Since 2004, we have been at the forefront of a relentless effort to create amazing places and inspiring shopping experiences where people can transform their home and lifestyle.

Further, Aventus continues to strengthen Large Format Retail (LFR) model to be the foundation of strong financial performance and the springboard to redefine the future of retail property.

The LFR property sector is a substantial component of the Australian retail property sector and accounts for approximately 25% of all retail sales in Australia.

As at 30 June 2020, the Group owned 20 LFR centres in NSW, QLD, VIC, SA and WA valued at approximately \$2 billion.

The Group portfolio is diversified by tenant base, with national retailers representing 87% of the total Portfolio by GLA. Over 76% of gross annual income is subject to annual fixed rent increases. The AVN portfolio has minimal exposure to turnover-based leases which mitigate against the risk of a downturn in retail sales.

The Fund is managed by Aventus Capital Limited (ACL or the Company) (ACN 606 555 480) (AFSL No. 478061) which was appointed under the Group’s constitution and operates under an Australian Financial Services Licence.

Leadership
Experienced and Trusted

Respected industry experts providing continuity and vision

Legacy
A Proven Track Record

5 years listed on the ASX and strong financial performance and 17 years industry experience owning, managing and developing LFR

Culture
Champions of the Aventus Way

A proud history of innovation to create amazing places

Ambition
A Plan for the Future

A unique LFR model with remarkable growth opportunities

The Four Pillars of the Aventus Strategy¹

Aventus continues to deliver on its four key growth initiatives, driving sustainable earnings growth and creating long-term value.

Driving Asset Performance

- > Achieved consistently high average occupancy of 98%²
- > Everyday-needs category remains robust at 37% of portfolio by gross income
- > Focus on partnering with leading retailers of which 87%³ are national tenants
- > Creating opportunities for incremental income e.g. signage, solar and storage

Consolidation Opportunities and Funds Management

- > Leading market share of 22% of dominant Large Format Retail ("LFR") centres⁴
- > \$820m of capital transactions⁵ since IPO including 9 acquisitions and 3 divestments
- > Establishment of funds management platform with first property syndicate since listing in FY16

Development Pipeline

- > Acquisition of adjoining Epping development site for \$11.5m
- > \$110m+ invested across more than 23 development projects with an average cash yield of 9%⁶
- > \$34m transformation of Sydney asset, Caringbah Super Centre, underway with expected completion in Nov 2020
- > Unlock 1.2m sqm land bank with current site cover ratio of only 44%

Capital Management

- > Increase interest cover ratio to 5.2x
- > No debt expiring before May 2022
- > Successful Distribution Reinvestment Plan ("DRP") raised \$49m of equity during FY20
- > Establishment of Aventus Property Syndicate 1 recycles capital and broadens the group's income stream by creating external funds management fee income

From the Chairman and CEO

On behalf of the Directors of Aventus Holdings Limited (AHL) and Aventus Capital Limited (ACL), the responsible entity of Aventus Retail Property Fund (the Group), we are proud to present the Group's Annual Report, including the audited financial statements, for the year ended 30 June 2020.

Bruce Carter
Chairman

Darren Holland
CEO

FY20 was an extraordinary year and, in many ways, a year of 2 halves: with strong momentum in the first half and the COVID-19 global pandemic impacting all areas of our lives in the second, especially how we work, learn and entertain.

At Aventus, we were incredibly proud of our team and how our experience and culture combined to respond quickly and decisively to the challenges that presented themselves in the final quarter of the financial year. This was an unprecedented challenge that required immediately assessing and taking the necessary steps to protect our financial strength, responding and supporting our impacted retailers, reducing our operating expenses and acting quickly with new initiatives to lessen the financial impact to our stakeholders, and safeguard the economic viability of the Group.

It is also a period to identify new opportunities and for the Aventus Group to adapt and further develop the strength of our portfolio.

Our Response to the COVID Pandemic

In March 2020, the Australian government's response to the pandemic through restrictions on certain retail operations and other businesses, and the introduction of social distancing and travel restrictions saw the business and retail landscape shift rapidly. The government-imposed restrictions, including store closures and distancing rules, impacted many stores in the portfolio.

Our centre teams have remained on site throughout the entire pandemic period and we quickly introduced many measures to support the health and safety of our retailers, customers and visitors. This commitment continues.

We also extended confidential and free access to financial and counselling services to all our retailers during this time.

The Board met weekly through the period, and the Leadership team met daily as the circumstances unfolded to be able to lead and manage their teams and the initiatives we introduced to respond to the consequences of the pandemic in a swift and unified way.

Further, as detailed in the Remuneration Report, all Board members and the Leadership team elected to reduce their fees and salaries for the period from April to June 2020. The broader team moved to reduced or flexible hours and we are very grateful for the team's ongoing commitment throughout this period as it has been an extremely challenging time.

Each team also had daily Zoom meetings that aligned them, and all team members regularly checked in with others to keep a sense of connection with one another during this time.

Supporting our Retail Partners

One of our first responses in late March was the roll-out of dedicated Click & Collect spaces in 100% of our centres to support the retailers and their customers as they adapted to new shopping habits.

Approximately half of our tenant base requested rent relief and we adopted the principles set out on the Mandatory Code of Conduct (Code) to provide support to our impacted retailers who qualified under the participation terms of the Code. Of these, as at 30 June 2020, we reached agreements with 86%, equivalent to \$6m or 4% of annual rent. On costs, we established a dedicated team to focus on reducing non-essential costs with the intention of passing any savings to our retailers.

We also negotiated a number of agreements with national tenants outside of the Code, in which we provided short-term rent relief in exchange for lease extensions (38 extensions agreed) on existing terms or brand-new stores in our portfolio.

Unfortunately, as at the date of writing, Victoria remains under government mandated restrictions and the Aventus team continues to work closely with our retail partners there.

Pleasingly, despite the challenges and closures brought on by the pandemic, overall Aventus centres attracted approximately 42 million people this year, which is a million more visitors than last year.

Traffic, excluding Victoria, has increased to above pre-COVID-19 levels of +9% across the portfolio over the past three months from June, showing the sustained attraction of shopping in an Aventus centre. Pleasingly, 100% of all retailers at Aventus centres, excluding Victoria, are open and trading.

Focus on Strategy

The challenge presented this financial year has also re-affirmed our strategy to focus on sustainable earnings growth and on creating long-term value.

During the height of the pandemic period, we continued to execute our strategy by:

- > delivering the first stage of our Caringbah development in Sydney;
- > acquiring the adjoining development site in Epping, Melbourne for \$11.5 million which expands the site size by 53%; and
- > establishing our first retail property syndicate in McGraths Hill, Sydney.

Portfolio Results

We are extremely proud and grateful to the entire Aventus team for their ability to accept, adapt and then to accelerate over the last quarter of FY20.

We remain focused on creating amazing places where people can transform their home and lifestyle and with Australians spending more time in their homes than ever before, our retailers and centres are well placed to receive the benefit of the changes to how we work, learn and entertain.

We believe that the COVID-19 crisis has once again demonstrated the distinction between Large Format Retail (LFR) and traditional retail. Our diversified and robust tenancy mix is well placed to benefit from the recent household shift to working, learning and entertaining from home.

The features of Aventus centres: on-grade, convenient car parking; easy access from main roads; large, flexible tenancies; low rents and sustainable occupancy costs, appeal to tenants and shoppers alike, now more than ever.

Our performance in terms of traffic, stores open, and rent collection are a testament to the fact that not all retail is created equal.

Key Portfolio Results Include:

- > Strong rent collection of **87%** through the COVID-19 Period²;
- > High occupancy of **98%** maintained, with minimal holdovers of approximately 2%;
- > **100%** of all retailers at Aventus centres, excluding Victoria, are open and trading;
- > Active leasing management with **90 leases** negotiated across **80,600 sqm** of GLA with positive leasing spreads and low incentives³
- > High exposure to established national tenants, which comprise **87%** of the portfolio by GLA;
- > All leases in the portfolio include annual rent reviews, over **76%** of leases contain fixed annual increases.

Capital Management

The Group also reported a solid financial outcome this year despite the very challenging environment resulting from COVID-19 and the measures to contain it. In response, we moved quickly to reduce costs to counter lower rental collection in the last quarter of FY20.

Furthermore, we delayed all non-core capital expenditure, and combined with a lower distribution pay-out ratio, this has enabled us to preserve the liquidity of the Group. These initiatives, together with work done by the team to maintain the operational momentum of the portfolio and our active capital management going into the pandemic, has meant that Aventus was relatively well placed to absorb the initial impact of COVID-19.

Key Financial Results Include:

- > Funds from Operations (FFO) of **\$100 million**, an increase of 4.2% on FY19, or 18.2 cents per security;
- > Statutory Profit of **\$57 million**;
- > Net Tangible Asset per security of **\$2.14** and Net Asset Value per security of **\$2.41**;
- > Distributions of **11.9 cents** per security;
- > Establishment of third party funds management platform with the **successful launch** of the Aventus Property Syndicate 1 (APS1);
- > Gearing reduced **2.7%** to **36%**, within self-imposed target range of 30% – 40%;
- > Weighted average debt maturity of **3.1 years** and weighted average cost of debt reduced to 3.1%;
- > Interest Cover Ratio increased to **5.2x**, an increase from 4.7x in FY19 and well above covenant requirement of 2.0x; and
- > Preserved **\$121 million** in liquidity and no debt expiries until 2022.

We are well positioned to weather the economic challenges, achieving our near-term goals and focusing on our long-term objectives, however, due to the uncertainty around COVID-19, Aventus has not provided FY21 guidance at this time.

Valuations

The Weighted Average Capitalisation Rate (WACR) of 6.7% has remained stable for the past three years. For the FY20 period, independent valuations encompassed 38% of the portfolio by value. The resulting net devaluation of \$37.3 million primarily reflected the impact of COVID-19, which accounted for 66% of the valuation change. This devaluation represents a net valuation change of -1.9% from 30 June 2019, which, in the context of total valuation uplifts over the last three years of \$181 million, driven predominantly by income growth and development, highlights the resilience of the Aventus portfolio value now valued at approximately \$2.1 billion⁴.

Caringbah Transformation

- > Only integrated LFR centre in Southern Sydney
- > Total projected spend of \$34m+ with a forecasted 10%+ project IRR
- > Stage 1 (Upper Ground) completed on time and on budget during COVID-19 Period
- > Stage 2 (Ground Level) works continuing with project on track for completion by Nov 2020
- > Anchored by strong national tenants including JB Hi-Fi, Harvey Norman and Freedom

Before

After

Leasing

Over the period, Aventus negotiated 90 leases covering 80,600 sqm and managed to achieve a high occupancy rate of 98% across the portfolio⁵. Further, these leases were achieved with positive leasing spreads and low incentives, and 36 were executed throughout the COVID-19 period.

Development

The FY20 development spend was \$27 million, with the major project being the transformation of the Caringbah Super Centre in metropolitan Sydney which commenced in late calendar 2019. The upper ground was completed on time and opened, despite the COVID-19 related restrictions. The development is expected to be fully completed in November 2020.

Third Party Funds Management

We were also very pleased to launch the Aventus Property Syndicate (APS1) in October 2020.

This syndicate is a single asset fund holding McGraths Hill in metro Sydney. The performance at the centre has been strong during the pandemic period, paying an 8.25% cash distribution, and this highlights our management capabilities for our syndicate investors.

This new fund is a significant milestone for Aventus that establishes our fund's management capabilities, diversifies our income, recycles capital, and provides the platform for further syndication opportunities.

5. Excluding licences less than 12 months. In FY19, 5 of the total 141 deals were short-term licenses

Caringbah Home, Caringbah NSW

Environmental, Social and Governance (ESG)

Released today with our Annual Report is our FY20 ESG Report which contains details of our continuing focus on improving and deepening our commitment to our environmental, social and governance initiatives.

During the recent period, our key focus was to develop our COVID-19 Plan and the pandemic has deepened our commitment to the health and safety of our team. We have responded by making changes to ensure our places of work are COVID safe, and to increase our focus on the health and wellbeing of our team members, who are our No.1 asset.

The Group's first solar project has been installed and is now fully operational in Midland, WA.

This year, we will again continue to monitor and review our energy consumption, emissions, water and waste data across our centres, and with two years of emissions data, we will be able to commence the creation of targets.

We will also begin to focus on our other future plans to further build our ESG commitment within our portfolio.

Leadership Appointments

This year, we also further strengthened our leadership team with the appointment of Jason James, Head of Leasing, and Ruth Jothy, Head of Asset Management. Their deep retail experience, together with our existing talented team, have produced these strong portfolio results.

On behalf of the Board and management, we would like to thank our loyal Securityholders for their investment in the Group, and our tenants, retailers and shoppers for their support throughout this unprecedented year.

Sustainability

Our People

We continue to invest in the well-being of our people and achieved an overall team engagement score of 90%. During the recent period, we developed and implemented our COVID-19 plan and offered financial and counselling service to all team members. The recent pandemic period has deepened our commitment to the health and safety of our team, and we have responded by making changes to ensure our places of work are COVID safe.

Our Environmental Commitment

The group's first solar project has been installed and is now fully operational in Midland, WA. The 700 kWh system is expected to generate 45% of the centre's energy consumption. This year, we will again continue to monitor and review our energy consumption, emissions, water and waste data across our centres. Our 2020 ESG Report is available on our website at www.ventusgroup.com.au in the Reports and Presentation section under the Investor Tab.

The directors of Aventus Capital Limited ("ACL") (ACN 606 555 480), the Responsible Entity of the Aventus Retail Property Fund ("ARPF" or "Fund") (ARSN 608 000 764), and the directors of Aventus Holdings Limited ("AHL") (ACN 627 640 180) present their report together with the consolidated financial statements of the Aventus Group and AHL Group for the year ended 30 June 2020.

The Aventus Group is a stapled entity comprising ARPF and its controlled entities ("the ARPF Group") and AHL and its controlled entities ("the AHL Group"). For financial reporting purposes ARPF has been deemed the parent entity of the Aventus Group. The consolidated financial statements of the Aventus Group comprise ARPF and its controlled entities which includes AHL.

Directors and company secretaries

The following persons were directors of ACL and AHL during the whole of the financial year and up to the date of this report, unless otherwise stated:

- > Bruce Carter Independent Non-Executive Chairman
- > Darren Holland Executive Director
- > Kieran Pryke Independent Non-Executive Director
- > Robyn Stubbs Independent Non-Executive Director
- > Brett Blundy Non-Executive Director (resigned 12 May 2020)
- > Nico van der Merwe Alternate Director to Brett Blundy (resigned 12 May 2020)
- > Ray Itaoui Independent Non-Executive Director (appointed 29 May 2020)

The company secretaries of ACL and AHL are Mary Weaver AGIA and Lawrence Wong.

Principal activity

The principal activity of the Aventus Group during the financial year was investment and management of large format retail property assets. There was no significant change in the principal activity during the financial year.

Review of operations and results

Summary of financial performance

A summary of the Aventus Group's financial performance for the financial year is set out below.

	2020 \$m	2019 \$m
Funds from operations (FFO)	100.2	96.2
Net profit	56.7	110.4
FFO per security (cents)	18.2	18.4
Basic and diluted earnings per security (cents)	10.3	21.1
Distributions to securityholders	65.8	87.0
Distributions to securityholders (cents)	11.9	16.6

Funds from Operations (FFO)

FFO represents the Aventus Group's underlying and recurring earnings from operations. FFO is calculated by adjusting statutory net profit after tax for certain non-cash items, unrealised revenue and expenses and non-recurring amounts outside core operating activities. FFO has been determined in accordance with best practice guidelines published by the Property Council of Australia.

The Aventus Group delivered FFO of \$100.2m for the year ended 30 June 2020 representing an increase of \$4.0 million or 4.2% on the prior financial year. This translates to FFO per security of 18.2 cents per security representing a decrease of 0.2 cents per security or 1.1%.

The result represents a solid financial performance considering the challenges presented by the COVID-19 pandemic. To support our retailers Aventus has provided rental relief to tenants who have been significantly impacted by COVID-19. Requests for rental relief are being assessed on a case by case basis taking into account specific tenant circumstances and the National Cabinet's code of conduct. The board also implemented initiatives during the financial year to reduce property and corporate costs with savings passed onto tenants. Furthermore, non-essential capital projects were delayed and the distribution payout ratio for the March and June 2020 quarters was reduced to support the liquidity of the group.

FFO for the year ended 30 June 2020 was significantly impacted by a \$6.3 million doubtful debts expense with the majority COVID-19 related. The total provision for doubtful debts at 30 June 2020 amounted to \$6.7 million. COVID-19 also negatively impacted June 2020 property valuations. A summary of the investment property portfolio at 30 June 2020 is outlined below.

All Aventus centres have remained open for trading since the outbreak of COVID-19 and at 30 June 2020 only 16 tenancies remained closed across the portfolio with the majority subject to mandated closures in accordance with state government restrictions. Occupancy at 30 June 2020 remained high at 98.0% (June 2019: 98.4%).

The Aventus portfolio is underpinned by its strong tenant profile which comprises approximately 87% national retailers with the majority listed companies. Recent trading updates from key tenants including Bunnings, Officeworks, Harvey Norman, JB Hi-Fi, The Good Guys, Nick Scali, Super Retail Group, Beacon Lighting and Adairs indicate strong sales growth.

A reconciliation of statutory net profit for the financial year and FFO is as follows:

	2020 \$m	2019 \$m
Net profit for the year	56.7	110.4
Straight-lining of rental income	2.2	0.9
Amortisation of rental guarantees	0.4	2.3
Amortisation of debt establishment costs	1.6	2.7
Net loss/(gain) on movement in fair value of investment properties	37.3	(39.5)
Net loss on movement in fair value of derivative financial instruments	1.3	14.0
Distributions from associates	0.3	–
Transaction costs	–	5.2
Other	0.4	0.2
FFO	100.2	96.2

Net profit

The Aventus Group's net profit for the year ended 30 June 2020 was \$56.7 million representing a decrease of \$53.7 million or 48.6% on the prior financial year. The decrease was mainly attributable to a:

- (a) \$76.8 million decrease in net fair value adjustments on investment properties;
- (b) \$16.3 million decrease in finance costs which includes a \$12.7m decrease in fair value losses on interest rate swaps and a \$2.5 million decrease in interest costs;
- (c) \$5.2 million decrease in transaction costs; and
- (d) \$1.6 million increase in net property income.

Distributions

Distributions declared and/or paid to securityholders during the financial year were as follows:

Quarter ended	Distribution per security (cents)	Total distribution \$m	Ex- distribution date	Record date	Payment date
September 2019	4.22	23.1	27/09/2019	30/09/2019	31/10/2019
December 2019	4.26	23.7	30/12/2019	31/12/2019	20/02/2020
March 2020	1.07	5.9	30/03/2020	31/03/2020	20/05/2020
June 2020	2.35	13.1	26/06/2020	30/06/2020	28/08/2020 ¹
Total	11.90	65.8			
September 2018	4.09	20.2	27/09/2018	28/09/2018	23/11/2018
December 2018	4.14	22.0	28/12/2018	31/12/2018	27/02/2019
March 2019	4.16	22.3	28/03/2019	29/03/2019	22/05/2019
June 2019	4.18	22.5	27/06/2019	28/06/2019	30/08/2019
Total	16.57	87.0			

¹ Estimated payment date

The Aventus Group's distribution policy is to distribute between 90% and 100% of FFO to securityholders.

Due to the uncertainty created by COVID-19 the directors declared conservative distributions for the quarters ended 31 March 2020 and 30 June 2020 in order to preserve liquidity and strengthen the financial position of the group.

Review of operations and results continued

Summary of financial position

A summary of the Aventus Group's financial position at 30 June 2020 is set out below.

	June 2020 \$m	June 2019 \$m
Assets		
Investment property portfolio (excluding rental guarantees)	1,930.3	1,973.8
Total assets	2,136.4	2,133.8
Net tangible assets	1,193.4	1,155.3
Net tangible assets (\$ per security)	2.14	2.15
Net asset value	1,340.5	1,299.5
Net asset value (\$ per security)	2.41	2.42
Capital management		
Drawn debt	738.4	775.4
Debt facility limit	820.0	820.0
Cash and undrawn debt	120.8	52.7
Look-through gearing ratio (%)	36.0%	38.7%
Interest rate hedging (notional amount)	460.0	520.0
Hedged debt to drawn debt ratio (%)	62.3	67.1%

Investment property portfolio

- > At 30 June 2020 the Aventus Group owned 19 large format retail investment properties across Australia with a combined value of \$1.9 billion. The weighted average capitalisation rate of the portfolio was 6.7% (30 June 2019: 6.7%).
- > McGraths Hill Home was disposed of in November 2019 at its carrying amount of \$42.5 million to Aventus Property Syndicate 1 Fund (APS 1). The Aventus Group holds a 25.3% interest in APS 1. Refer to note 18 "Investments in associates" for further information.
- > Net fair value losses on the portfolio for the year ended 30 June 2020 amounted to \$37.3 million (June 2019: gain of \$39.5 million).
- > Key development highlights during the financial year included:
 - a) the continuation of development works at Caringbah Home with completion expected in October 2020;
 - b) completion of wayfinding upgrades to the Hills Super Centre; and
 - c) completion of development works to Logan Super Centre and MacGregor Home.
- > On 20 July 2020 the Aventus Group settled the acquisition of development land adjoining Epping Hub for \$11.5 million excluding GST. The land is zoned for mixed use, retail, residential, office, medical and large format retail.

Debt portfolio

> Look-through gearing decreased from 38.7% at 30 June 2019 to 36.0% at 30 June 2020 mainly due to debt repayments following equity raised from the DRP underwrite for the quarters ended 30 June 2019 and 30 September 2019 and equity released from the APS 1 transaction. These decreases were partially offset by net fair value losses on investment properties.

> The Aventus Group has no debt expiring before May 2022. The debt maturity profile as at 30 June 2020 was as follows:

Debt maturity profile

> The Aventus Group continued to comply with and maintain significant headroom for all key debt covenants during the financial year.

Hedging

> At 30 June 2020 the Aventus Group had \$460.0 million in interest rate swaps (30 June 2019: \$520.0 million).

> Hedging coverage as a percentage of drawn debt decreased from 67.1% at 30 June 2019 to 62.3% at 30 June 2020.

Significant changes in state of affairs

With the exception of the impacts of COVID-19 noted above there were no significant changes in the state of affairs of the Aventus Group or the AHL Group during the financial year.

Business strategies and prospects for future financial years

The Aventus Group will continue to engage in its principal activity in accordance with the investment objectives and guidelines as set out in the governing documents of ARPF and in accordance with the provisions of the ARPF's constitution.

The key business strategies of the Aventus Group include:

- > optimising the tenancy mix across the portfolio through proactive management and leasing leverage;
- > executing on future development projects;
- > participating in sector consolidation through acquisition of additional centres; and
- > monitor potential regulatory changes in the LFR sector which could enable a broader range of tenants to occupy centres within the portfolio.

Remuneration report

The People, Culture and Remuneration Committee ("the Committee") presents the remuneration report of the Aventus Group for the year ended 30 June 2020. The report has been audited in accordance with section 300A of the *Corporations Act 2001*.

Comparative balances disclosed in the remuneration report are for the period 1 October 2018 to 30 June 2019 which represents the 9-month period ARPF was internally managed.

For the period 1 July 2018 to 30 September 2018 ARPF was externally managed by ACL. During this period the ACL directors were remunerated by the APG Group. Director fees of independent non-executive directors of ACL were reimbursed by ARPF for the period 1 July 2018 to 30 September 2018 and are disclosed in note 36(d) 'Related party transactions'.

Contents

The remuneration report is structured as follows:

Section	What it covers
A	Introduction from the Committee chair
B	Governance and remuneration strategy
C	Key management personnel (KMP)
D	Overview of executive remuneration
E	Contractual arrangements with executive KMP
F	Remuneration outcomes
G	Remuneration expenses for executive KMP
H	Actual remuneration received by executive KMP
I	Performance based remuneration granted and forfeited during the year
J	Restricted stapled securities
K	Overview of non-executive director remuneration
L	Additional information

A. INTRODUCTION FROM THE COMMITTEE CHAIR

To our valued securityholders,

As chair of the People, Culture & Remuneration Committee I am pleased to present the remuneration report for the year ended 30 June 2020. This report has been approved by the board and is intended to be informative while complying with our statutory reporting obligations.

Our remuneration philosophy aims to fairly reward and retain our team, while promoting sustainable, long-term performance. A fundamental requirement is that remuneration outcomes are clearly linked to the performance of the Aventus Group and are reflected in our pay for performance approach. The Aventus Group has a team of circa 60 people in total with a small executive team and the remuneration framework is designed to be simple and transparent for all stakeholders.

The Executive Incentive Scheme (EIS) aims to align short and long-term performance by setting annual key performance indicators (KPIs) and delivering a proportion of variable remuneration in equity. KMP had 100% of their EIS at risk during the year ended 30 June 2020 based on financial and non-financial KPIs.

In March 2020 the business was on track to meet EIS KPIs however due to uncertainty as to the impact and duration of the COVID-19 pandemic the board withdrew its earnings guidance. FFO of 18.2 cents per security was achieved for the year ended 30 June 2020 representing a decrease of 0.2 cents per security or 1.1% on the prior year. The result was 4.1% down on targeted FFO guidance of 3% to 4% growth for the year ended 30 June 2020 which resulted in a 30% forfeiture of EIS entitlements for KMP. In light of market conditions and not achieving FFO guidance, the Committee decided not to award the discretionary board KPI which resulted in an additional 5% forfeiture of EIS entitlements for KMP.

In response to the impact of COVID-19 the Committee considered remuneration outcomes against the EIS plan and replaced the 50% cash component of the EIS with a deferred equity component for the year ended 30 June 2020. The deferred equity will vest in February 2021. The 50% cash component will be reinstated for the year ending 30 June 2021.

In addition to the above, the following voluntary changes to remuneration were implemented for the period 1 April 2020 to 30 June 2020:

- > Robyn Stubbs, Bruce Carter and Kieran Pryke agreed to reduce their director fees by 60%;
- > Brett Blundy agreed to reduce his director fees by 100% from 1 April 2020 to his resignation on 12 May 2020;
- > Ray Itaoui agreed to reduce his director fees by 100% from his appointment on 29 May 2020 to 30 June 2020;
- > Darren Holland agreed to reduce his fixed remuneration by 50%; and
- > Lawrence Wong agreed to reduce his fixed remuneration by 30%.

Other members of the leadership team agreed to similar arrangements and team working hours were adjusted in line with business operations during this period. Measures were taken to minimise the impact on our team which included the Federal Government's JobKeeper Payments Scheme for the period April to June 2020 which allowed for operations to be maintained.

The board regularly reviews our remuneration policies with input from securityholders and proxy advisors. This also allows for full consultation in line with our desire to align shareholder interest, incentivising our KMPs and the broader Aventus team to create a strong culture.

We remain confident our approach to remuneration is reflective of our performance and in line with our business strategy.

Robyn Stubbs
Chair, People, Culture & Remuneration Committee

Directors' Report

Remuneration report continued

B. GOVERNANCE AND REMUNERATION STRATEGY

Committee members

The Committee consists of the following non-executive directors:

- > Robyn Stubbs (Chair)
- > Bruce Carter
- > Brett Blundy (resigned 12 May 2020)
- > Ray Itaoui (appointed 29 May 2020)

In accordance with the Committee's charter the Committee may only consist of non-executive directors, a majority of independent directors, an independent chair (who is not chair of the board) and a minimum of 3 members of the board.

Remuneration governance framework

Key responsibilities of the board of directors and the Committee are outlined as follows:

Board of directors	<ul style="list-style-type: none">> Ensuring the remuneration framework is aligned with the Aventus Group's purpose, core values and securityholders.> Setting and overseeing the implementation of remuneration policy.
Committee	<ul style="list-style-type: none">> Review and recommend to the board of directors:<ul style="list-style-type: none">a) remuneration packages for the Chief Executive Officer (CEO) and senior management including participation in the EIS;b) fees for non-executive directors including committee fees; andc) policies and procedures relating to people and remuneration to create a high-performance culture.> Determine performance targets, executive achievement and outcomes.> Oversee succession planning and nomination processes for the CEO and senior management.> Engage with external remuneration consultants where necessary. <p>A copy of the Committee's charter is available on the Aventus Group website.</p>

Remuneration strategy

Remuneration strategy	To attract and retain executives with the capability and experience to deliver on our business strategies and achieve sustainable returns for securityholders.
Remuneration principles	The remuneration strategy is underpinned by the following remuneration principles:
Alignment to performance	To reward executives for performance which is aligned with our business strategies.
Culture	To align remuneration with a high-performance culture.
Market competitive	To ensure remuneration is market competitive in terms of quantum, mix and design to support the attraction and retention of executives. Remuneration comprises fixed and variable components.
Sustainable	To balance financial and non-financial priorities of the Aventus Group.
Simple and transparent	The remuneration framework and strategy should be simple, transparent and easy to understand for executives and securityholders.

The remuneration strategy focuses on short-term and long-term performance by setting mutually agreed annual KPI targets and delivering a material proportion of variable remuneration in equity which will be subject to vesting conditions over 2, 3, and 4 years.

Executive remuneration components	Fixed remuneration	Variable remuneration
Purpose and alignment	To attract and retain executives with the capability and experience to deliver on business strategies.	To reward annual performance against mutually agreed annual KPI targets and encourage sustainable long-term value creation for securityholders.
Performance measures and link to performance	Role specific accountability that drives a high-performance culture and execution of business strategy.	Annual financial and non-financial KPIs for executives.
Delivery	Competitive market based fixed remuneration.	Executive incentive scheme (EIS) comprising: <ul style="list-style-type: none"> > 50% cash award; and > 50% deferred stapled securities subject to vesting conditions over 2, 3 and 4 years.

C. KEY MANAGEMENT PERSONNEL (KMP)

KMP for the year ended 30 June 2020 were as follows:

Name	Position
Independent non-executive directors	
Bruce Carter	Chair
Kieran Pryke	Director
Robyn Stubbs	Director
Ray Itaoui (from 29 May 2020)	Director
Non-executive directors	
Brett Blundy (until 12 May 2020)	Director
Nico van der Merwe (alternate director to Brett Blundy) (until 12 May 2020)	Alternate director
Executive director	
Darren Holland	Chief Executive Officer (CEO)
Senior Executive	
Lawrence Wong	Chief Financial Officer (CFO)

KMP are those persons who, directly or indirectly, have authority and responsibility for planning, directing and controlling the major activities of the Aventus Group. There have been no changes to KMP between balance date and the date of the remuneration report.

Directors' Report

continued

Remuneration report continued

D. OVERVIEW OF EXECUTIVE REMUNERATION

How are executives remunerated?

Executives are remunerated via fixed and variable remuneration components.

Variable remuneration for executives will be delivered via the EIS, where participants are eligible to achieve annual cash awards and grants of stapled securities vesting over 2, 3 and 4 years.

The Committee will review the EIS on an annual basis to ensure the remuneration arrangements are driving business performance and are aligned with the long-term strategy of the Aventus Group.

The Committee will, as required, obtain advice from external remuneration advisers on aspects of the Aventus Group's remuneration policies and structures.

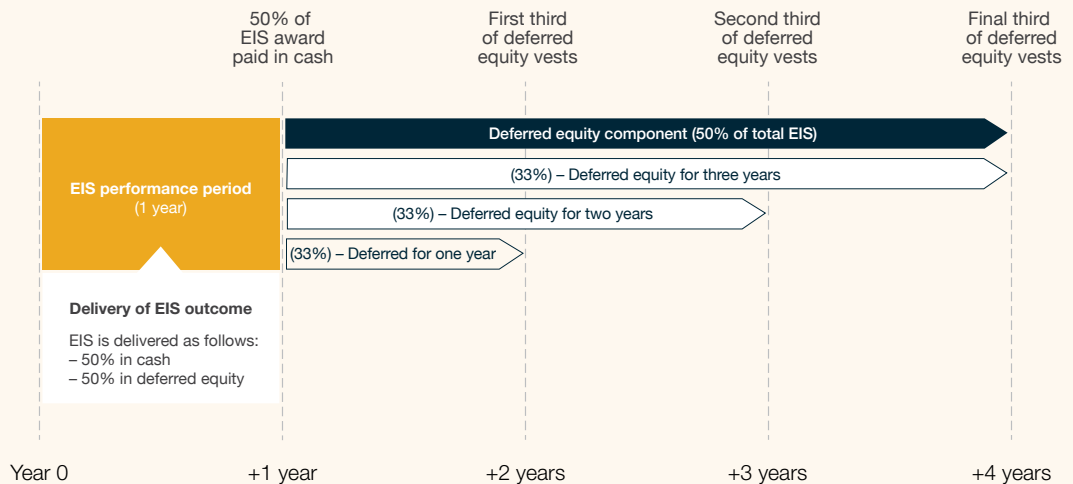

What is total annual fixed remuneration comprised of?

Total annual fixed remuneration (TFR) consists of base salary, employer superannuation contributions and salary sacrifice benefits. TFR is set based on the role, responsibilities, experience and qualifications of the individual, and with reference to market data of comparable companies. An employee's TFR will generally be reviewed on an annual basis.

What is variable remuneration comprised of?

Variable remuneration consists of an annual opportunity to receive a short-term variable cash award and a grant of restricted stapled securities under the EIS, awarded to the extent that certain mutually agreed KPI targets are achieved for the financial year.

The diagram below provides an illustration of how the EIS operates for a single performance period of one year, assuming all KPIs are achieved. The Aventus Group intends to offer EIS awards annually. As the EIS progresses, the vesting of restricted equity awards will become cumulative:

Who is eligible to participate in the EIS?	Offers are made at the board's discretion to executives and other employees of the Aventus Group. Details of CEO and CFO entitlements and KPIs are set out below. Non-Executive Directors are not eligible to participate in the EIS.
How are awards under the EIS delivered to participants?	<p>Mutually agreed KPI targets must be satisfied over a respective performance period. To the extent the KPIs are satisfied, EIS awards will be delivered 50% in cash and 50% in restricted stapled securities.</p> <p>The cash award will be paid following the end of the performance period. In response to the impact of COVID-19 the cash component for the year ended 30 June 2020 was replaced by restricted stapled securities vesting in February 2021.</p> <p>The restricted stapled securities will be granted following the end of the performance period, and will vest in three tranches following release of full-year results for the first, second and third financial years immediately following the performance period:</p> <ul style="list-style-type: none"> > 33.33% of the restricted stapled securities will vest approximately two years after the start of the performance period; > 33.33% of the restricted stapled securities will vest approximately three years after the start of the performance period; and > 33.34% of the restricted stapled securities will vest approximately four years after the start of the performance period; <p>providing the participant remains an employee until the relevant vesting date and the board has not determined that a "clawback" of any restricted stapled securities is required.</p> <p>The board may claw back restricted stapled securities granted under the EIS in certain circumstances (e.g. gross misconduct, material misstatement, fraud or where in the board's opinion performance that led to cash payments/equity being awarded is later determined to have been incorrectly measured or not sustained).</p> <p>The number of restricted stapled securities to be allocated to each participant will be determined by dividing the dollar value of the equity component of the EIS by the volume weighted average price of stapled securities, measured over the ten trading days following release of full-year results for the performance period's financial year.</p> <p>Restricted stapled securities relating to Darren Holland must also be approved by securities holders at the annual general meeting.</p> <p>Restricted stapled securities will be held in an employee share trust on behalf of participants until the relevant vesting date.</p>
What is the acquisition price paid by executives for restricted stapled securities?	Restricted stapled securities under the EIS are issued for nil consideration.

Directors' Report

continued

Remuneration report continued

D. OVERVIEW OF EXECUTIVE REMUNERATION CONTINUED

What are the key performance indicators of the EIS and why were they chosen?

KPIs were designed to create alignment to the Aventus Group's financial performance, both short term and long term, and drive a strong culture. KPIs have both financial and non-financial measures, take into account the relative size and nature of the business and are designed to be simple and transparent.

KPIs are documented for each EIS participant in relation to each performance period, including:

- > the percentage weighting for each KPI;
- > threshold and stretch performance hurdles; and
- > the maximum opportunity that may be delivered in cash and equity, expressed as a percentage of TFR.

EIS awards for the period ended 30 June 2020 will be subject to the following financial and non-financial KPIs tested over the performance period from 1 July 2019 to 30 June 2020. No EIS award will be granted unless either the funds from operations (FFO) of the Aventus Group or the relative total shareholder return (RTSR) KPIs are met:

- > FFO is a calculation of the Aventus Group's underlying and recurring earnings from its operations. This is determined by adjusting statutory net profit for certain non-cash and other non-recurring amounts outside core operating activities. FFO is determined in accordance with best practice guidelines published by the Property Council of Australia. Targeted FFO for the year ended 30 June 2020 was 3% to 4% growth or 19.0 to 19.2 cents per security. FFO was chosen to align executives with investor expectations for earnings growth.
- > RTSR is measured against the S&P/ASX 200 A-REIT accumulation index (Index). RTSR measures performance against industry peers and aligns executives with returns delivered to investors for the respective performance period.
- > A cost control measure based on expenses against revenue (Cost Control Measure). The Cost Control Measure aims to align executives with running a cost-efficient platform.
- > People and culture is measured against regretted attrition of less than 25% and an annual engagement score above 75%. People and culture KPIs aim to create a high-performance culture, retain executives and staff who can deliver on strategy and promote team engagement and satisfaction.
- > Board discretion involves an assessment of individual executive performance by the board. The KPI for board discretion is only awarded for outperformance by the executive in their role during the financial year.

The following KPIs and weightings will apply to the CEO and CFO for the year ended 30 June 2020:

Role	Financial KPIs			Non-financial KPIs	
	FFO	RTSR	Cost Control Measure	People & culture	Board discretion
CEO	30%	30%	15%	20%	5%
CFO	30%	30%	15%	20%	5%

Are distributions and dividends paid during the vesting period?

Participants who have been granted restricted stapled securities will be entitled to dividends and distributions during the vesting period on the same basis as other securityholders.

What happens on cessation of employment?

Unless the board determines otherwise:

- > if a participant's employment is terminated for cause, misconduct, or gives notice of their resignation, they will not be entitled to receive any EIS award for the performance period in which they cease employment and any unvested restricted stapled securities will be forfeited; and
- > if a participant ceases employment for any other reason, the participant will be entitled to a pro-rated EIS award for the performance period in which they cease employment (based on performance achieved against the performance conditions and the time served during the performance period). In this case the EIS award may be paid fully in cash (at the normal payment date). Any restricted stapled securities granted will continue to be restricted until the original vesting dates.

What happens on change of control?

Unless the board determines otherwise, restricted stapled securities will vest in full upon a change of control.

Where there any changes to the EIS for the year ended 30 June 2020?	<ol style="list-style-type: none"> KPI weightings for people and culture increased from 15% to 20% and the weighting for board discretion decreased from 10% to 5%. The change was designed to place greater emphasis on enhancing our high-performance culture. The KPI for regretted attrition was measured against voluntary attrition rather than against a pool of high potential team members. In response to the COVID-19 pandemic executive KMP undertook the following voluntary reductions in remuneration for the period 1 April 2020 to 30 June 2020: <ul style="list-style-type: none"> > Darren Holland agreed to a 50% reduction of fixed remuneration; > Lawrence Wong agreed to a 30% reduction of fixed remuneration; > Other executives agreed to similar arrangements. The 50% cash component of the EIS was replaced with a deferred equity component which will vest in February 2021.
Are there any changes expected to the EIS for the 2021 financial year?	<ol style="list-style-type: none"> The 50% cash component will be reinstated to the EIS for the year ending 30 June 2021. The regretted attrition KPI, which was measured against voluntary attrition for the year ended 30 June 2020, will be measured against all attrition for the year ending 30 June 2021.

E. CONTRACTUAL ARRANGEMENTS WITH EXECUTIVE KMP

The table below outlines the annual contracted remuneration of executive KMP (including statutory superannuation). Variable remuneration for the year ended 30 June 2020 relates solely to deferred stapled securities. Amounts disclosed exclude voluntary reductions in fixed remuneration for the period 1 April 2020 to 30 June 2020 which are disclosed in section G.

Role	Name	Total annual fixed remuneration	Total maximum variable remuneration	Maximum remuneration amount paid in cash (fixed + variable)	Maximum remuneration amount in restricted stapled securities (fixed + variable)	Total maximum remuneration (fixed + variable)
Chief Executive Officer	Darren Holland	\$746,750	\$746,750	\$746,750	\$746,750	\$1,493,500
Chief Financial Officer	Lawrence Wong	\$450,883	\$450,883	\$450,883	\$450,883	\$901,765

Key terms and conditions of KMP employment agreements are summarised as follows:

Darren Holland	Executive director and CEO
Remuneration	Mr Holland is entitled to receive annual fixed remuneration (including superannuation) of \$746,750, and an EIS opportunity of \$746,750.
Term of employment	Mr Holland's current employment contract with Aventus Services Pty Ltd is for an initial 3-year period commencing 1 October 2018. The contract will automatically extend for 6 months if Aventus Services Pty Ltd does not provide Mr Holland with notice that it intends to terminate the contract at least one month before end of the 3-year period (and any subsequent 6-month period).
Termination	<p>Aventus Services Pty Ltd or Mr Holland may terminate employment on 6 months notice (or payment in lieu of notice).</p> <p>Any payment in lieu of notice is calculated on total fixed remuneration (inclusive of superannuation). If Mr Holland's employment is terminated by Aventus Services Pty Ltd otherwise than for cause:</p> <ul style="list-style-type: none"> > within two years of the initial 3-year term – Aventus Services Pty Ltd will provide a termination payment equal to 12 months salary (including superannuation) (less any actual notice or payment in lieu of notice); > after two years of the initial 3-year term but before 1 April 2021 – Aventus Services Pty Ltd will provide a termination payment equal to the amount payable to the end of the initial term (less any actual notice or payment in lieu of notice); > after 1 April 2021 – Aventus Services Pty Ltd will provide a termination payment equal to 6 months salary (including superannuation) (less any actual notice or payment in lieu of notice). <p>Any incentive payments will be governed by the applicable EIS plan rules, as summarised above.</p> <p>The contract contains a provision stating that any termination benefits will not exceed the termination benefits cap calculated in accordance with Part 2D.2 of the Corporations Act.</p>
Post-employment restraints	Mr Holland is restrained from soliciting suppliers, customers and staff for a maximum of 12 months after employment ends.

continued

Remuneration report continued

E. CONTRACTUAL ARRANGEMENTS WITH EXECUTIVE KMP CONTINUED

Lawrence Wong	CFO
Remuneration	Mr Wong is entitled to receive annual fixed remuneration (including superannuation) of \$450,883, and have an EIS opportunity of \$450,883.
Term of employment	Mr Wong is a permanent employee of Aventus Services Pty Ltd and his employment has no fixed term.
Termination	<p>Aventus Services Pty Ltd or Mr Wong may terminate employment on three months notice (or payment in lieu of notice). Any payment in lieu of notice is calculated on total fixed remuneration (inclusive of superannuation). Any incentive payments will be governed by the applicable EIS plan rules, as summarised above.</p> <p>If Mr Wong ceases employment for redundancy, he is entitled to the higher of a redundancy payment calculated in accordance with the National Employment Standards, or two weeks salary per completed year of service plus a pro-rata amount for any partially completed year.</p>
Post-employment restraints	Mr Wong is restrained from soliciting suppliers, customers and staff for a maximum of 12 months after employment ends.

In the prior financial year Mr Wong was granted a one-off issue of 224,554 restricted stapled securities at a value of \$2.38 per security or \$534,438. The restricted stapled securities will vest in two equal tranches over a two-year period from 1 October 2018 subject to forfeiture of unvested amounts on resignation or termination for cause during that period. This entitlement was awarded in place of forgone actual and potential pre-internalisation cash bonus entitlements of \$267,219.

F. REMUNERATION OUTCOMES

Performance of executive KMP against mutually agreed KPI targets for the year ended 30 June 2020 are summarised as follows:

Metric	Target	Actual	Darren Holland		Lawrence Wong	
			KPI met	KPI weighting	KPI met	KPI weighting
Financial KPIs						
FFO	3–4% growth	(1.1%) growth	✗	30%	✗	30%
RTSR	(22.2%)	(6.2%)	✓	30%	✓	30%
Cost control	Below 10.0%	9.7%	✓	15%	✓	15%
Non-financial KPIs						
People and culture	Regretted attrition < 25% Engagement score > 75%	15% 90%	✓	20%	✓	20%
Board discretion	N/A	N/A	✗	5%	✗	5%
Total KPIs met				65%		65%

Refer to section H below for a summary of variable remuneration (comprising cash bonus and restricted stapled securities) awarded and forfeited for each KMP.

Commentary on financial and non-financial KPIs are as follows:

KPI	Commentary
Funds From Operations (FFO)	Targeted FFO of the Aventus Group for the year ended 30 June 2020 was 3% to 4% growth representing 19.0 to 19.2 cents per security. FFO aligns executives with investor expectations for earnings growth.
Relative Total Shareholder Return (RTSR)	RTSR is measured against the S&P/ASX 200 A-REIT accumulation index (Index). RTSR for the year ended 30 June 2020 was negative 6.2% which outperformed the Index return of negative 22.2%. RTSR measures performance against industry peers and aligns executives with returns delivered to investors for the respective performance period.
Cost Control	Cost control is measured based on a ratio of expenses against revenue and seeks to align executives with running a cost-efficient platform.
People and culture	The regretted attrition target of less than 25% is measured against voluntary attrition. The engagement score was based on a team engagement survey conducted in November 2019. People and culture KPIs aim to create a high-performance culture, retain executives and staff who can deliver on strategy and promote team engagement and satisfaction.
Board discretion	Board discretion involves an assessment of individual executive performance including consideration of outperformance in individual roles and demonstration of key values embedded in the Aventus culture. The KPI for board discretion is only awarded for outperformance by the executive in their role during the financial year.

G. REMUNERATION EXPENSES FOR EXECUTIVE KMP

The following table outlines the remuneration expenses recognised for executive KMP for the year ended 30 June 2020 and 2019 measured in accordance with accounting standards disclosed in note 2 to the financial statements. Comparative balances are for the 9-month period 1 October 2018 to 30 June 2019 representing the period the Aventus Group was internally managed.

In response to the COVID-19 pandemic executive KMP undertook the following voluntary reductions in remuneration for the period 1 April 2020 to 30 June 2020:

- > Darren Holland agreed to a 50% reduction of fixed remuneration;
- > Lawrence Wong agreed to a 30% reduction of fixed remuneration.

Name	Year	Fixed remuneration				Variable remuneration				Total remuneration	Performance related %
		Cash salary ¹	Voluntary salary reduction ¹	Non-monetary benefits ¹	Annual leave & long service leave ²	Super	EIS Cash component ¹	EIS restricted stapled securities ³	Other restricted stapled securities		
		\$	\$	\$	\$	\$	\$	\$	\$	\$	%
Darren Holland	2020	635,327	(90,219)	–	67,548	25,000	–	275,014	–	912,670	30.1%
	2019 ⁵ (9 months)	471,155	–	6,330	42,133	18,750	190,313	68,724	–	797,405	32.5%
Lawrence Wong	2020	400,075	(31,941)	–	39,858	25,000	–	166,052	133,609	732,653	40.9%
	2019 ⁵ (9 months)	276,226	–	–	23,812	18,750	114,909	41,495	133,610 ⁴	608,802	47.6%

1 Short-term benefits as per Corporations Regulation 2M.3.03(1) Item 6.

2 Other long-term benefits as per Corporations Regulation 2M.3.03(1) Item 8. The amounts disclosed in this column represent annual leave and long service leave accrued during the period.

3 The cost of restricted stapled securities, to be granted to KMPs under the EIS, are expensed over the performance period and the subsequent vesting period of the restricted securities. Restricted stapled securities represent equity settled share-based payments as per Corporations Regulation 2M.3.03(1) Item 11.

4 Balance represents the current year cost of the one-off issue of restricted stapled securities referred to in section E 'Contractual arrangements with executive KMP'.

5 Comparative balances are for the 9-month period 1 October 2018 to 30 June 2019 representing the period the Aventus Group was internally managed.

For the year ending 30 June 2021 there will be no increase in contracted remuneration for executive KMP.

Directors' Report

continued

Remuneration report continued

H. ACTUAL REMUNERATION RECEIVED BY EXECUTIVE KMP

The following table outlines the actual benefits received by each KMP during the year ended 30 June 2020 and 2019. Comparative balances are for the period 1 October 2018 to 30 June 2019 representing the period the Aventus Group was internally managed.

Executive KMP	Year	Fixed remuneration \$	EIS cash component \$	Vested stapled securities \$	Total \$
Darren Holland	2020	693,018	190,312	–	883,330
	2019 ¹ (9 months)	543,750	–	–	543,750
Lawrence Wong	2020	451,283	114,910	267,219	833,412
	2019 ¹ (9 months)	328,313	–	–	328,313

¹ Comparative balances are for the 9-month period 1 October 2018 to 30 June 2019 representing the period the Aventus Group was internally managed.

The amounts disclosed above are not the same as the remuneration expensed to the income statement in accordance with the accounting standards. The directors believe remuneration received is more relevant to the users of the financial statements for the following reasons:

- > The statutory remuneration expense is based on historic cost and does not reflect the value of the stapled securities when they are actually received by the KMPs.
- > The statutory remuneration expense shows benefits before they are actually received by the KMPs.

I. PERFORMANCE BASED REMUNERATION GRANTED AND FORFEITED DURING THE YEAR

The table below shows for each KMP how much of their variable remuneration were awarded and how much were forfeited.

KMP	Year	Maximum variable remuneration \$	Awarded \$	Awarded %	Forfeited \$	Forfeited %
Darren Holland	2020	746,750	485,388	65%	261,362	35%
	2019 ¹ (9 months)	543,750	380,625	70%	163,125	30%
Lawrence Wong	2020	450,883	293,074	65%	157,809	35%
	2019 ¹ (9 months)	328,313	229,819	70%	98,494	30%

¹ Comparative balances are for the 9-month period 1 October 2018 to 30 June 2019 representing the period the Aventus Group was internally managed.

J. RESTRICTED STAPLED SECURITIES

A reconciliation of the movement in restricted stapled securities granted during the financial year is outlined as follows:

KMP	Year	Balance at the beginning of the financial year	Issued	Vested	Balance at the end of the financial year	Value yet to vest \$
Darren Holland	2020	–	72,088 ¹	–	72,088	190,312
	2019	–	–	–	–	–
Lawrence Wong	2020	224,554	43,526 ¹	(112,277)	155,803	382,128
	2019	–	224,554 ²	–	224,554	534,439

¹ Securities were issued at a price of \$2.64 per security.

² Securities were issued at a price of \$2.38 per security.

K. OVERVIEW OF NON-EXECUTIVE DIRECTOR REMUNERATION

Non-executive directors are entitled to a board fee and fees for chairing or participating on board committees of AHL and ACL. Fees are inclusive of superannuation.

Non-executive directors are not entitled to participate in any variable remuneration schemes or receive any performance-based remuneration entitlements.

The following table outlines annual remuneration of non-executive directors (including statutory superannuation) excluding voluntary reductions taken for the period 1 April 2020 to 30 June 2020.

	Year	Board \$	Audit, risk and compliance committee \$	People, culture & remuneration committee \$
Chair	2020	\$185,400	\$10,300	\$10,300
	2019	\$180,000	\$10,000	\$10,000
Member	2020	\$92,700	\$5,150	\$5,150
	2019	\$90,000	\$5,000	\$5,000

The chair of the board does not receive an additional fee for participation on the respective committees. Fees will be reviewed annually by the board taking into account comparable roles and market data provided by independent remuneration advisors.

For the year ending 30 June 2021 there will be no change to remuneration for non-executive directors.

The AHL constitution provides a limit of \$1 million (or such greater amount as may be fixed by AHL in a general meeting) on the total aggregate remuneration which may be provided to all non-executive directors of AHL in any financial year for their services as directors.

Actual remuneration derived by non-executive directors for the year ended 30 June 2020 is summarised below.

In response to the COVID-19 pandemic non-executive directors undertook the following voluntary reductions in remuneration for the period 1 April 2020 to 30 June 2020:

- > Bruce Carter, Robyn Stubbs, Kieran Pryke – 60% of director fees;
- > Brett Blundy – 100% of director fees (from 1 April 2020 to his resignation on 12 May 2020); and
- > Ray Itaoui – 100% of director fees (from his appointment on 29 May 2020 to 30 June 2020).

Name	Board ¹ \$	Audit, risk and compliance committee ¹ \$	People, culture & remuneration committee ¹ \$	Super \$	Voluntary reduction \$	Total \$
Bruce Carter	177,358	–	–	8,042	(27,810)	157,590
Kieran Pryke	84,658	9,406	–	8,936	(15,450)	87,550
Robyn Stubbs	84,658	4,703	9,406	9,383	(16,222)	91,928
Brett Blundy	80,240	–	4,458	–	(11,311)	73,387
Ray Itaoui	8,472	–	471	–	(8,943)	–
Total	435,386	14,109	14,335	26,361	(79,736)	410,455

¹ Short-term benefits as per Corporations Regulation 2M.3.03(1) Item 6.

Actual remuneration derived by non-executive directors for the 9-month period 1 October 2018 to 30 June 2019 is summarised as follows:

Name	Board ¹ \$	Audit, risk and compliance committee ¹ \$	People, culture & remuneration committee ¹ \$	Super \$	Total \$
Bruce Carter	123,288	–	–	11,712	135,000
Kieran Pryke	61,644	6,849	–	6,507	75,000
Robyn Stubbs	61,644	3,425	6,849	6,832	78,750
Brett Blundy	67,500	–	3,750	–	71,250
Total	314,076	10,274	10,599	25,051	360,000

Option holdings of KMP

There were no options over stapled securities held by KMP during the financial year or at 30 June 2020 or 2019.

Loans to KMP and their related parties

There were no loans to KMP or their related parties during the financial year or at 30 June 2020 or 2019.

Reliance on external remuneration consultants

In the prior financial year, the board engaged Ernst & Young to review remuneration policies, review employment contracts and to assist with the design and establishment of the EIS. Ernst & Young was paid \$141,000 for these services.

No remuneration recommendations were provided by Ernst & Young or any other advisor during the current financial year.

Meetings of directors

The number of meetings of the board of directors and each board committee held during the period and the numbers of meetings attended by each director are as follows:

	Board meeting		Audit risk and compliance committee		People, culture and remuneration committee	
	Attended	Eligible to attend	Attended	Eligible to attend	Attended	Eligible to attend
Bruce Carter	7	7	4	4	4	4
Kieran Pryke	7	7	4	4	N/A	N/A
Robyn Stubbs	7	7	3	4	4	4
Darren Holland	7	7	N/A	N/A	N/A	N/A
Brett Blundy ¹	4	6	N/A	N/A	2	3
Nico van der Merwe (alternate director to Brett Blundy) ¹	2	2	N/A	N/A	N/A	N/A
Ray Itaoui ²	1	1	N/A	N/A	1	1

¹ Resigned on 12 May 2020.

² Appointed on 29 May 2020.

ACL's interests in ARPF

ACL did not hold any securities in ARPF at 30 June 2020 or 30 June 2019.

Fees paid to ACL and associates

Fees paid to ACL and associates during the financial year are disclosed in note 36(d) to the financial statements.

Interests in ARPF

The number of securities in ARPF issued during the financial year and the total number of securities on issue at 30 June 2020 are disclosed in note 30 to the financial statements.

Securities under option

No options over unissued securities were granted during the financial year. There were no securities under option at 30 June 2020 or at the date of this report.

Environmental regulations

The Aventus Group's development activities are subject to development approvals and environmental regulations under Commonwealth, state and local government legislation. To the best of the directors' knowledge, development activities during the financial year have been undertaken in compliance with development approvals and applicable environmental regulations.

Events occurring after the reporting period

Acquisition of development land

On 20 July 2020 the Aventus Group settled the acquisition of development land adjoining Epping Hub for \$11.5 million excluding GST. Refer to note 40 for further information.

Former Masters Lease at Cranbourne Home

A subsidiary of the Aventus Group, Aventus Cranbourne Thompsons Road Pty Ltd, is the lessor (Landlord) under the lease of the former Masters store at Cranbourne Home (Head Lease).

As announced in September 2019 the Landlord appealed the judgement of the Supreme Court of Victoria in relation to the provision of its consent to a proposed sub-lease of part of the premises at Cranbourne previously occupied by Masters.

On 5 August 2020 it was announced the appeal was successful. The Court of Appeal found the Landlord did not act unreasonably in regards to the requests and set aside the decision of the trial judge.

The Head Lease remains on foot until 30 September 2030 including the guarantee by Woolworths Limited for the performance by Home Consortium Leasehold Pty Ltd (formerly Masters Home Improvement Australia Pty Ltd) of its obligations under the Head Lease.

There has not been any other matter or circumstance occurring subsequent to the end of the financial year that has significantly affected, or may significantly affect, the operations of the Aventus Group or AHL Group, the results of those operations, or the state of affairs of the Aventus Group or AHL Group in future financial years.

Insurance of officers and indemnities

During the financial year, the Aventus Group and AHL paid a premium to insure the directors, company secretaries and officers against a liability incurred as such a director, secretary or executive officer to the extent permitted by the *Corporations Act 2001*. The contract of insurance prohibits disclosure of the nature of the liability and the amount of the premium. So long as officers act in accordance with ARPF's and AHL's constitution and the law, the officers remain indemnified out of the assets of the Aventus Group and AHL Group against losses incurred while acting on behalf of the Aventus Group and AHL Group.

To the extent permitted by law, ACL and AHL have agreed to indemnify the auditors of the Aventus Group, Ernst & Young, as part of the terms of its audit engagement agreement, against claims by third parties arising from the audit except for any loss in respect of any matters which are finally determined to have resulted from Ernst & Young's negligent, wrongful or wilful acts or omissions. No payment has been made to indemnify Ernst & Young during or since the financial year.

The Aventus Group and AHL Group have not otherwise, during or since the end of the financial period, except to the extent permitted by law, indemnified or agreed to indemnify an officer or auditor.

Directors' Report

continued

Audit and non-audit services

Details of amounts paid or payable to Ernst & Young for audit and non-audit services during the financial year are disclosed in note 42 to the financial statements.

The directors are satisfied that the provision of non-audit services did not compromise the auditor's independence requirements under the *Corporations Act 2001* as:

- > all non-audit services have been reviewed by the Audit, Risk and Compliance Committee to ensure they do not impact on the impartiality and objectivity of the auditor; and
- > none of the services undermine the general principles relating to auditor independence as set out in Accounting Professional and Ethical Standards Board APES 110 Code of Ethics for Professional Accountants.

Auditor's independence declaration

A copy of the auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 41.

Rounding of amounts

In accordance with ASIC Legislative Instrument 2016/191 amounts disclosed in the directors' report and the financial report for the Aventus Group have been rounded off to the nearest hundred thousand dollars, or in certain cases, to the nearest thousand dollars or nearest dollar. AHL Group balances have been rounded to the nearest thousand dollars, or in certain cases to the nearest dollar.

This report is made in accordance with a resolution of the directors of ACL and AHL made pursuant to s298(2) of the *Corporations Act 2001*.

Auditor's Independence Declaration to the Directors of Aventus Capital Limited as the Responsible Entity of Aventus Retail Property Fund and the Directors of Aventus Holdings Limited

As lead auditor for the audit of the financial report of Aventus Group and Aventus Holdings Limited for the financial year ended 30 June 2020, I declare to the best of my knowledge and belief, there have been:

- a) no contraventions of the auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
- b) no contraventions of any applicable code of professional conduct in relation to the audit.

This declaration is in respect of Aventus Retail Property Fund and Aventus Holdings Limited and the entities they controlled during the financial year.

The consolidated statement of cash flows should be read in conjunction with the accompanying notes.

1 AHL was incorporated on 20 July 2018. Accordingly, 2019 AHL Group balances disclosed in the consolidated statement of cash flows and corresponding notes are for the period 20 July 2018 to 30 June 2019.

Notes to the Consolidated Financial Statements

1. Basis of preparation

a) The Aventus Group

The Aventus Group is a stapled entity comprising the Aventus Retail Property Fund (“ARPF”) (ARSN 608 000 764) and its controlled entities (“the ARPF Group”) and Aventus Holdings Limited (“AHL”) (ACN 627 640 180) and its controlled entities (“the AHL Group”). For financial reporting purposes ARPF has been deemed the parent entity of the Aventus Group. The consolidated financial statements of the Aventus Group comprise ARPF and its controlled entities which includes AHL.

The stapled securities of the Aventus Group comprise one unit in ARPF and one share in AHL. Securities of ARPF and AHL were stapled on 1 October 2018. Stapled securities cannot be traded or dealt with separately. ARPF and AHL remain separate legal entities in accordance with the *Corporations Act 2001*.

b) Statement of compliance

These general purpose financial statements have been prepared in accordance with ARPF’s and AHL’s constitution, Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board and the *Corporations Act 2001*. The Aventus Group and AHL Group are for-profit entities for the purpose of preparing the financial statements.

The consolidated financial statements of the Aventus Group and AHL Group also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board.

The financial statements were authorised for issue by the directors on 24 August 2020.

c) Comparative information

AHL was incorporated on 20 July 2018. Accordingly, prior period balances disclosed in the AHL Group consolidated statement of comprehensive income, statement of changes in equity and statement of cash flows are for the period 20 July 2018 to 30 June 2019.

Where necessary, comparative information has been adjusted to conform with changes in presentation in the current year.

d) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- > financial assets and derivative financial instruments measured at fair value; and
- > investment properties measured at fair value.

e) Rounding of amounts

In accordance with ASIC Legislative Instrument 2016/191 amounts disclosed in the directors’ report and the financial report for the Aventus Group have been rounded off to the nearest hundred thousand dollars, or in certain cases, to the nearest thousand dollars or nearest dollar. AHL Group balances have been rounded to the nearest thousand dollars, or in certain cases to the nearest dollar.

f) Functional and presentation currency

All amounts presented in the consolidated financial statements are expressed in Australian dollars which is the functional and presentation currency of the Aventus Group and AHL Group.

g) New and amended accounting standards and interpretations adopted by the Aventus Group

The Aventus Group and AHL Group have adopted all of the new and revised accounting standards issued by the Australian Accounting Standards Board that are relevant to its operation and effective for the financial reporting period beginning 1 July 2019 including AASB 16 *Leases* (AASB 16). The directors’ assessment of the impact of AASB 16 is set out below. Other new and amended accounting standards adopted from 1 July 2019 did not have any impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

AASB 16

This note explains the impact of the adoption of AASB 16 on the financial statements and discloses the new accounting policies that have been applied from 1 July 2019. The Aventus Group and AHL Group have adopted AASB 16 retrospectively from 1 July 2019, but have not restated comparatives for the 2019 reporting period, as permitted under the specific transitional provisions in the standard. The reclassifications and the adjustments arising from the new leasing rules are therefore recognised in the opening balance sheet on 1 July 2019.

Adjustments recognised on adoption of AASB 16

On adoption of AASB 16 lease liabilities were recognised in relation to leases which had previously been classified as ‘operating leases’ under the principles of AASB 117 *Leases*. These liabilities were measured at the present value of the remaining lease payments, discounted using the lessee’s incremental borrowing rate as of 1 July 2019.

The associated right-of-use assets were measured on a retrospective basis with the cumulative effect of initially applying the standard recognised on 1 July 2019. There were no onerous lease contracts that would have required an adjustment to the right-of-use assets at the date of initial application. The recognised right-of-use assets relate to leases of land and buildings. The change in accounting policy included an option to present an asset and liability at equal value. This resulted in a \$4.0 million and \$2.9 million increase of right-of-use assets and lease liabilities for the Aventus Group and AHL Group respectively on 1 July 2019.

Notes to the Consolidated Financial Statements

continued

1. Basis of preparation continued

g) New and amended accounting standards and interpretations adopted by the Aventus Group continued

Leasing activities and how these are accounted for

The business leases land and buildings under operating leases.

Until the 2019 financial year, leases were classified as either finance or operating leases. Payments made under operating leases (net of any incentives received from the lessor) were charged to profit or loss on a straight-line basis over the period of the lease.

From 1 July 2019, leases are recognised as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the group. Each lease payment is allocated between the liability and finance costs. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period. The right-of-use asset is depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis.

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of fixed payments less any lease incentives receivable.

The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be determined, the lessee's incremental borrowing rate is used, being the rate that the lessee would have to pay to borrow the funds necessary to obtain an asset of similar value in a similar economic environment with similar terms and conditions.

Right-of-use assets are measured at cost comprising the following:

- > the amount of the initial measurement of lease liability
- > any lease payments made at or before the commencement date less any lease incentives received
- > any initial direct costs, and
- > restoration costs.

Payments associated with short-term leases and leases of low-value assets are recognised on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less.

h) New and amended accounting standards and interpretations issued but not yet adopted

Certain new accounting standards and interpretations have been published that are not mandatory for the year ended 30 June 2020 and have not been early adopted by the Aventus Group or AHL Group. These standards are not expected to have a material impact in the current or future reporting periods and on foreseeable future transactions.

2. Summary of significant accounting policies

This note provides a list of all significant accounting policies adopted in the preparation of these consolidated financial statements. References to "Group" apply to the Aventus Group and the AHL Group unless otherwise stated in the relevant accounting policy. With the exception of changes to accounting policies resulting from the adoption of AASB 16 *Leases* the accounting policies adopted are consistent with those of the previous financial year.

a) Principles of consolidation

Subsidiaries are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combinations by the Group.

Inter-entity transactions, balances and unrealised gains on transactions between Group entities are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

When the Group ceases to consolidate for an investment because of a loss of control any retained interest in the entity is remeasured to its fair value with the change in carrying amount recognised in profit or loss.

In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to profit or loss.

b) Business combinations

The acquisition method of accounting is used to account for all business combinations, regardless of whether equity instruments or other assets are acquired. The consideration transferred for the acquisition of a subsidiary comprises the:

- > fair values of the assets transferred
- > liabilities incurred to the former owners of the acquired business
- > equity interests issued by the Group
- > fair value of any asset or liability resulting from a contingent consideration arrangement, and
- > fair value of any pre-existing equity interest in the subsidiary.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date. The Group recognises any non-controlling interest in the acquired entity on an acquisition-by-acquisition basis either at fair value or at the non-controlling interest's proportionate share of the acquired entity's net identifiable assets.

Acquisition-related costs are expensed as incurred.

The excess of the consideration transferred, amount of any non-controlling interest in the acquired entity, and acquisition-date fair value of any previous equity interest in the acquired entity over the fair value of the net identifiable assets acquired is recorded as goodwill. If those amounts are less than the fair value of the net identifiable assets of the subsidiary acquired, the difference is recognised directly in profit or loss as a bargain purchase.

Where settlement of any part of cash consideration is deferred, the amounts payable in the future are discounted to their present value as at the date of exchange. The discount rate used is the entity's incremental borrowing rate, being the rate at which a similar borrowing could be obtained from an independent financier under comparable terms and conditions.

Contingent consideration is classified either as equity or a financial liability. Amounts classified as a financial liability are subsequently remeasured to fair value with changes in fair value recognised in profit or loss.

If the business combination is achieved in stages, the acquisition date carrying value of the acquirer's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date. Any gains or losses arising from such remeasurement are recognised in profit or loss.

c) Segment reporting

The Aventus Group has only one reportable segment being investment and management of Australian large format retail assets.

The directors of ACL are the chief operating decision makers of the Aventus Group. Information provided to the directors for strategic decision making is consistent with that presented in the financial report.

d) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of allowances, rebates and amounts collected on behalf of third parties. The Group recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and specific criteria have been met for each of the Group's activities as described below.

Revenue for the Group's business activities is recognised on the following basis:

Rental income

Rental income derived from investment properties is recognised on a straight-line basis over the term of the lease. Initial direct costs incurred in obtaining the lease are added to the carrying amount of the investment property and recognised as expense over the lease term on the same basis as lease income.

The portion of rental income relating to fixed increases in rent in future years is recognised as a separate component of investment properties and amortised on a straight-line basis over the term of the lease.

Revenue from services

The AHL Group derives revenue from the provision of property investment, management, development and leasing services. Revenue is recognised in accordance with underlying management agreements in the period in which performance obligations are satisfied and actual services are rendered. Fees are recognised net of rebates.

Interest income

Interest income is recognised on an accruals basis using the effective interest method. Interest income is disclosed as 'other income' in the statement of comprehensive income.

Notes to the Consolidated Financial Statements

continued

2. Summary of significant accounting policies continued

e) Expenses

Property expenses

Property expenses include rates, taxes, other property outgoings incurred in relation to investment properties and expenses for bad and doubtful debts. Property expenses are recorded on an accruals basis.

Finance costs

Finance costs include interest, fair value movements in derivative financial instruments, payments in respect of derivative financial instruments and the amortisation of other costs incurred in respect of obtaining finance. Finance costs associated with the acquisition or construction of a qualifying asset are capitalised as part of the cost of that asset during the period that is required to complete and prepare the asset for its intended use. Borrowing costs not associated with qualifying assets are recognised as an expense when incurred. Other costs incurred in respect of obtaining finance, including loan establishment fees, are deferred and expensed over the term of the respective loan facility.

Management fees

Management fees are recognised on an accruals basis.

Lease expenses

Until 30 June 2019 leases in which a significant portion of the risks and rewards of ownership are not transferred to the Group as lessee were classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) were charged to profit or loss on a straight-line basis over the period of the lease. The accounting policy for leases from 1 July 2019 is disclosed in note 1(g).

Other expenses

All other expenses are recognised on an accruals basis.

f) Government grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Group will comply with all attached conditions. Grants relating to costs are recognised in profit or loss over the period necessary to match them with costs they are intended to compensate.

g) Income tax

ARPF Group

Under current income tax legislation, ARPF is not liable to pay income tax as the net income of ARPF is assessable in the hands of the beneficiaries (the securityholders) who are 'presently entitled' to the income of ARPF. There is no income of ARPF to which the securityholders are not presently entitled.

As a result, deferred taxes have not been recognised in the financial statements in relation to differences between the carrying amounts of assets and liabilities and their respective tax bases, including taxes on capital gains which could arise in the event of a sale of investments for the amount at which they are stated in the financial statements. In the event that taxable gains are realised by ARPF, these gains would be included in the taxable income that is assessable in the hands of the securityholders as noted above.

Realised capital losses are not distributed to securityholders but are retained within ARPF to be offset against any realised capital gains. The benefit of any carried forward capital losses are generally not recognised in the financial statements, on the basis that ARPF is a flow through trust for Australian tax purposes. If in any period realised capital gains exceed realised capital losses, including those carried forward from earlier periods and eligible for offset, the excess is included in taxable income that is assessable in the hands of securityholders in that period and is distributed to securityholders in accordance with the requirements of ARPF's constitution.

AHL Group

The income tax expense or revenue for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Tax consolidation legislation

AHL and its wholly-owned controlled entities have implemented the tax consolidation legislation.

The head entity, AHL, and the controlled entities in the tax consolidated group account for their own current and deferred tax amounts. These tax amounts are measured as if each entity in the tax consolidated group continues to be a stand-alone taxpayer in its own right.

In addition to its own current and deferred tax amounts, AHL also recognises the current tax liabilities (or assets) and the deferred tax assets arising from unused tax losses and unused tax credits assumed from controlled entities in the tax consolidated group.

The entities have entered into a tax funding agreement under which the wholly-owned entities fully compensate AHL for any current tax payable assumed and are compensated by AHL for any current tax receivable and deferred tax assets relating to unused tax losses or unused tax credits that are transferred to AHL under the tax consolidation legislation. The funding amounts are determined by reference to the amounts recognised in the wholly-owned entities' financial statements.

The amounts receivable/payable under the tax funding agreement are due upon receipt of the funding advice from the head entity, which is issued as soon as practicable after the end of each financial year. The head entity may also require payment of interim funding amounts to assist with its obligations to pay tax instalments.

Assets or liabilities arising under tax funding agreements with the tax consolidated entities are recognised as current amounts receivable from or payable to other entities in the group.

Any difference between the amounts assumed and amounts receivable or payable under the tax funding agreement are recognised as a contribution to (or distribution from) wholly-owned tax consolidated entities.

h) Goods and service tax ("GST")

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the Australian Taxation Office ("ATO"). In this case it is recognised as part of the cost of acquisition of the asset or as part of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included within receivables or payables in the balance sheet.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to the ATO, are presented as operating cash flows.

i) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

j) Trade and other receivables

Trade and other receivables are initially recognised at the amounts due to the Group, and subsequently at amortised cost, less any provision for doubtful debts. Receivables are usually settled within 30 days of recognition. Receivables are presented as current assets unless collection is not expected for greater than 12 months after reporting date.

Collectability of receivables is reviewed on an ongoing basis. The Group applies the AASB 9 simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all trade receivables. Expected loss rates are based on historical payment profiles adjusted for current and forward-looking macroeconomic factors affecting the ability of debtors to settle the receivables.

Trade receivables are written off when there is no reasonable expectation of recovery. Impairment losses on trade receivables are presented as net impairment losses within operating profit. Subsequent recoveries of amounts previously written off are credited against the same line item.

k) Rental guarantees

Rental guarantees are measured as the expected future cash flows to be received under the guarantee arrangements and are disclosed as a separate asset in the balance sheet. Guarantees are recognised in the statement of comprehensive income on an amortised cost basis over the period of the guarantee.

Notes to the Consolidated Financial Statements

continued

2. Summary of significant accounting policies continued

l) Plant and equipment

Plant and equipment are stated at historical cost less depreciation and accumulated impairment losses. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Depreciation is calculated using the straight-line method to allocate the cost of the asset, net of any residual amount, over its estimated useful life. The useful life of plant and equipment ranges from 2.5 years to 20 years.

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss.

m) Investment in associates

Associates are all entities over which the Group has significant influence but not control or joint control. Investments in associates are accounted for using the equity method of accounting after initially being recognised at cost.

Under the equity method of accounting, investments are initially recognised at cost and adjusted thereafter to recognise the Group's share of the post-acquisition profits or losses of the investee in profit or loss, and the group's share of movements in other comprehensive income of the investee in other comprehensive income. Distributions received or receivable from associates are recognised as a reduction in the carrying amount of the investment.

Where the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the Group and its associates are eliminated to the extent of the group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity-accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group.

The carrying amount of equity-accounted investments is tested for impairment in accordance with the policy described in note 1(q).

n) Investment properties

Investment properties comprise large format retail centres which are held for long-term rental yields and/or capital appreciation and are not occupied by the Group.

With the exception of investment properties acquired as part of a business combination (refer to note 2b), investment properties are initially measured at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured at fair value.

Fair value is the amount at which the investment property could be exchanged between knowledgeable, willing parties in an arm's length transaction. A willing seller is neither a forced seller nor one prepared to sell at a price not considered reasonable in the market.

The best evidence of fair value is current prices in an active market for similar properties. Where such information is not available the directors consider information from a variety of sources including:

- > current prices in an active market for properties of different nature or recent prices of similar properties in less active markets, adjusted to reflect those differences;
- > discounted cash flow projections based on reliable estimates of future cash flows;
- > capitalised income projections based upon a property's estimated net market income, and a capitalisation rate derived from an analysis of market evidence.

Gains and losses arising from changes in fair value of investment properties are recognised in profit or loss in the period in which they arise.

The Group obtains independent valuations for its investment properties at least every two years.

At the end of each reporting period, the directors update their assessment of the fair value of each property, taking into account the most recent independent valuations. The directors determine a property's value within a range of reasonable fair value estimates. Fair value is determined using a long-term investment period. Specific circumstances of the owner are not taken into account.

The carrying amount of investment properties recorded in the balance sheet may include the cost of acquisition, additions, refurbishments, improvements, lease incentives, leasing costs and assets relating to fixed increases in operating lease rentals in future years.

Existing investment properties being developed for continued future use are also carried at fair value.

Where the Group disposes of an investment property at fair value in an arm's length transaction, the carrying value immediately prior to the sale is adjusted to the transaction price, with a corresponding adjustment recorded in profit or loss.

o) Lease incentives and leasing fees

Prospective lessees may be offered incentives as an inducement to enter into non-cancellable operating leases. These incentives may take various forms including rent-free periods, upfront cash payments, or a contribution to certain lessee costs such as a fit-out contribution. Leasing fees may also be incurred for the negotiation of leases. Incentives and leasing fees are capitalised in the consolidated balance sheet as a component of investment properties and amortised on a straight-line basis over the term of the lease as an adjustment to rental income.

p) Intangible assets

Goodwill

Goodwill is measured as described in note 2(b). Goodwill on acquisitions of subsidiaries is included in intangible assets. Goodwill is not amortised but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses. Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold.

Goodwill is allocated to cash-generating units for the purpose of impairment testing except for goodwill that arises from the recognition of deferred tax on management rights with an indefinite useful life. The allocation is made to those cash-generating units or groups of cash-generating units that are expected to benefit from the business combination in which the goodwill arose. The units or groups of units are identified at the lowest level at which goodwill is monitored for internal management purposes, being the operating segments.

Management rights

Management rights reflect the right to provide investment and property management services in accordance with management agreements. Management rights acquired as part of a business combination are recognised at fair value at the date of acquisition.

Management rights have an indefinite useful life. Management rights are not subject to amortisation and are tested annually for impairment or more frequently if events or changes in circumstances indicate that they might be impaired.

q) Impairment of assets

Assets, other than intangible assets, are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use.

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period. Impairment of management rights acquired via business combinations will result in a decrease to deferred tax liabilities associated with management rights and a corresponding decrease in goodwill.

r) Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Group prior to the end of the financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition. Payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

s) Employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and long service leave in the period the related service is rendered.

Liabilities recognised in respect of short-term employee benefits are measured at their nominal values using the remuneration rate expected to apply at the time of settlement.

Liabilities recognised in respect of long-term employee benefits are measured at the present value of the estimate future cash outflows to be made by the Group in respect of services provided by employees up to the reporting date.

The obligations are presented as current liabilities in the consolidated balance sheet if the Group does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

Superannuation contributions

Superannuation contributions are recognised as employee benefits expenses when employees have rendered service entitling them to the contributions.

Notes to the Consolidated Financial Statements

continued

2. Summary of significant accounting policies continued

s) Employee benefits continued

Executive incentive scheme (EIS)

Senior management and executives participate in an EIS whereby, subject to achieving certain KPIs, they will be eligible for annual cash awards and restricted stapled securities vesting over 2, 3 and 4 years.

Annual cash awards are recognised on an accruals basis as part of employee benefits expenses.

The fair value of the restricted stapled securities are estimated at the beginning of the annual EIS performance period and recognised as employee benefits expenses on a straight-line basis over the relevant vesting period with a corresponding increase in equity via an EIS reserve.

When restricted stapled securities are issued they are held in trust, on behalf of EIS participants, for the duration of the vesting period by the Aventus Group Employee Security Trust. The cost of issued restricted stapled securities is initially recognised in a reserve and subsequently transferred to the EIS reserve on vesting date.

t) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

u) Derivative financial instruments

The Group has entered into derivative financial instruments, in the form of interest rate swap agreements, to partially hedging against interest rate fluctuations on its debt facilities.

The Group has not adopted hedge accounting. Derivative financial instruments are classified as financial instruments at fair value through profit or loss. Derivative financial instruments are initially recognised at fair value on the date the derivative contract is entered into and are subsequently remeasured to their fair value at the end of each reporting period. Subsequent changes in fair value are recognised in profit or loss.

Fair value is determined using valuation techniques with reference to observable market inputs for similar instruments.

Derivative financial instruments are presented as current assets or liabilities as appropriate if they are expected to be settled within 12 months, or presented as non-current assets or liabilities if they are expected to be settled more than 12 months after the end of the reporting period.

v) Distributions/dividends payable

A payable is recognised for the amount of any distribution or dividend declared, appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

w) Contributed equity

Stapled securities are classified as equity and recognised at the fair value of the consideration received. Transaction costs directly attributable to the issue of new ordinary securities are recognised directly in equity as a deduction from the proceeds received.

x) Earnings per security

Basic earnings per security

Basic earnings per security is calculated by dividing the profit or loss attributable to securityholders by the weighted average number of ordinary securities outstanding during the financial year, adjusted for bonus elements in ordinary securities issued during the financial year.

Diluted earnings per security

Diluted earnings per security is calculated by dividing the profit or loss attributable to securityholders, adjusted for the after income tax effect of interest and other financing costs associated with dilutive potential ordinary securities, by the weighted average number of ordinary securities and dilutive potential ordinary securities outstanding during the financial year.

The weighted average number of securities used in calculating basic and diluted earnings per security is retrospectively adjusted for bonus elements in ordinary securities issued during the financial year.

3. Critical accounting estimates and judgements

The preparation of the consolidated financial statements requires the use of critical accounting estimates and judgement. Financial statement balances or transactions involving a higher degree of judgement or complexity, or where assumptions and estimates are significant to the consolidated financial statements are outlined below.

The COVID-19 pandemic has created a higher degree of estimation uncertainty at 30 June 2020 for investment property valuations, assessing the recoverable amounts of intangible assets and estimating loss allowances for trade and other receivables.

Account balance or transaction	Notes
Investment properties	19 and 37
Derivative financial instruments	24 and 37
Goodwill and management rights with an indefinite useful life	20
Trade and other receivables – loss allowance	12 and 39(c)

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events, that may have a financial impact on the Aventus Group and are believed to be reasonable under the circumstances.

The resulting accounting estimates may differ from actual results.

4. Segment information

The Aventus Group

The Aventus Group has only one reportable segment being the investment and management of Australian large format retail assets.

The directors of ACL are the chief operating decision makers of the Aventus Group. Information provided to the directors for strategic decision making is consistent with that presented in the financial report.

The AHL Group

The AHL Group has only one reportable segment being the management of Australian large format retail assets.

The directors of AHL are the chief operating decision makers of the AHL Group.

5. Revenue from services

	Aventus Group 2020 \$m	Aventus Group 2019 \$m	AHL Group 2020 \$'000	AHL Group 2019 \$'000
Fees derived from management agreements	1.8	0.6	18,059	13,808

6. Finance costs

	Aventus Group 2020 \$m	Aventus Group 2019 \$m	AHL Group 2020 \$'000	AHL Group 2019 \$'000
Interest expenses	24.0	26.2	3,426	3,335
Amortisation of debt establishment costs	1.6	2.7	–	–
Less: amounts capitalised relating to redevelopment of investment properties	(0.6)	(0.3)	–	–
	25.0	28.6	3,426	3,335
Fair value losses on interest rate swaps	1.3	14.0	–	–

Total	6.2	1.9	2,113	1,861

Critical estimates and judgements

COVID-19 has created a higher degree of estimation uncertainty in calculating the loss allowance at 30 June 2020. The loss allowance incorporates COVID-19 specific adjustments for rental relief granted or expected to be granted to tenants plus other adjustments based on retailer types, industries, geographical locations and/or specific tenant circumstances. If there are any changes in these assumptions or economic conditions the actual loss allowance required may differ.

Additional information about the loss allowance and exposure to credit risk is disclosed in note 39(c).

Investment in Aventus Property Syndicate 1 Fund (APS 1)	5.8	–	–	–

APS 1

On 15 November 2019 the Aventus McGraths Hill Holding Trust (McGraths Hill), a 100% owned subsidiary of ARPF, issued new units to external investors. McGraths Hill was also renamed Aventus Property Syndicate 1 Fund (APS 1).

The equity raising diluted ARPF's ownership interest in APS 1 from 100% to 25.3%. Consequently, ARPF ceased to control APS 1 and derecognised all APS 1 assets and liabilities at their carrying amounts from the consolidated balance sheet including the McGraths Hill Home investment property valued at \$42.5 million.

ARPF's residual investment in APS 1 has been recognised as an investment in an associate. The residual investment was initially recognised at fair value and has been subsequently accounted for using the equity method in accordance with accounting standard AASB 128 *Investment in Associates and Joint Ventures*.

The movement in the carrying amount of the investment in APS 1 for the period ended 30 June 2020 is as follows:

	Aventus Group \$m
Balance at 15 November 2019	6.1
Equity accounted profit for the period	–
Distributions	(0.3)
Balance at 30 June 2020	5.8

Refer to note 36(d) for a summary of transactions with APS 1 during the financial year.

Summarised financial information for APS 1

The tables below provide summarised financial information for APS 1. The information disclosed reflects the amounts presented in the unaudited financial statements of APS 1 and not the Aventus Group's share of those amounts.

Amounts reclassified from rental guarantees	–	(0.5)
Balance at the end of the financial year	1,930.3	1,973.8

Information on how fair value of investment properties is determined is outlined in note 37.

Critical estimates and judgements and the impact of the COVID-19 pandemic

Critical assumptions underlying the estimated fair value of investment properties are those relating to passing and market rents, capitalisation rates, terminal yields and discount rates. If there is any change in these assumptions or economic conditions the fair value of investment properties may differ.

The COVID-19 pandemic has created a higher degree of estimation uncertainty for investment property valuations. As a result, independent valuations at 30 June 2020 are reported on the basis of 'significant valuation uncertainty'. This implies valuations are current at the valuation date only and less certainty and a higher degree of caution should be attached to the valuation. Estimated fair values may change significantly and unexpectedly over a relatively short period of time.

To reflect the impact of COVID-19 independent valuers have adjusted a number of valuation inputs and estimates, where appropriate, including lower probabilities of tenant retention, lower market rent growth rates, longer lease up periods, increased leasing allowances and adjustments to capitalisation and discount rates to reflect the uncertainty in the amount and timing of cash flows. Valuations also include deductions for the cost of estimated rental relief to be provided to tenants. Where appropriate director valuations have adopted the same adjustment process as used for independent valuations.

While these estimates have been formed after careful consideration and consultation COVID-19 is a unique and continually evolving event. The fair value assessment of investment properties incorporates a best estimate of the impact of COVID-19 using information available at the time of preparing the valuations and conditions existing at the reporting date. The duration and depth of the pandemic are unknown at reporting date. In the event the impacts of the COVID-19 pandemic are more severe or prolonged than anticipated this may have an adverse impact on the fair value of the portfolio.

Leasing arrangements

Investment properties are leased to tenants under non-cancellable operating leases with rentals payable on a monthly basis. Future minimum rentals receivable under the leases as at 30 June 2020 and 30 June 2019 are as follows:

	Aventus Group June 2020 \$m	Aventus Group June 2019 \$m
Within 1 year	111.0	106.9
Later than 1 year but not later than 5 years	282.9	291.4
Later than 5 years	65.8	80.6
Total	459.7	478.9

20. Intangible assets

	Aventus Group June 2020 \$m	Aventus Group June 2019 \$m	AHL Group June 2020 \$'000	AHL Group June 2019 \$'000
Goodwill	140.4	140.4	42,923	42,923

Total	144.2	144.2	186,002	186,002

Aventus Group

A reconciliation of the movement in intangibles during the prior financial year is outlined as follows:

	Goodwill \$m	Management rights \$m
Balance at the beginning of the financial year	-	-
Acquisition of the APG Group	140.4	3.8
Balance at the end of the financial year	140.4	3.8

Notes to the Consolidated Financial Statements

continued

20. Intangible assets continued

Aventus Group continued

Goodwill

Goodwill represents the incremental value created from the internalisation of management and by replacing external management fees with an internalised cost structure.

Management rights

Management rights relate to the Kotara Home (North) property which is owned by a director related entity. The underlying property and development management agreement is between the director related entity and Aventus Property Management Pty Ltd and has an indefinite useful life.

Impairment testing

Goodwill and management rights with an indefinite useful life are tested annually for impairment or when there are indicators of impairment. Goodwill and management rights are considered to be impaired if their recoverable amount is less than their carrying amount. Goodwill generated as a result of the recognition of deferred tax on management rights with an indefinite useful life is excluded from annual impairment testing.

No impairment expense was recognised for the year ended 30 June 2020.

The recoverable amount of goodwill and management rights was determined using the value in use approach and valued using discounted cash flow projections. Key assumptions adopted in the discounted cash flow valuation are as follows:

Assumption	2020	2019
Cash flows	5 years	5 years
Terminal growth rate	2.0%	2.0%
Discount rate applied to cash flow projections	7.5%	6.9%

Cash flow projections were based on financial budgets for the year ending 30 June 2021. Cash flows beyond the projected period are extrapolated using estimated growth rates.

Terminal growth rates are estimated based on the expected long-term earnings growth of the Aventus Group and macro-economic factors. Discount rates applied to cash flow projections are calculated by reference to the Aventus Group's weighted average cost of capital. Discount rates are adjusted for risks specific to the cash generating unit.

The recoverable amount of goodwill would equal its carrying amount if the terminal growth rate decreased from 2.0% to 1.3% or the discount rate increased from 7.5% to 8.1%.

AHL Group

A reconciliation of the movement in intangibles during the prior financial period is outlined as follows:

	Goodwill \$'000	Management rights \$'000
Balance at the beginning of the financial period	–	–
Acquisition of the APG Group	42,923	143,079
Balance at the end of the financial period	42,923	143,079

Management rights

Management rights relate to the following investment and property management agreements:

- > Management Services Agreement between ARPF and Aventus Funds Management Pty Ltd;
- > Property Management and Development Agreements between ARPF and Aventus Property Management Pty Ltd; and
- > Property and Development Management Agreement between a director related entity and Aventus Property Management Pty Ltd.

The above agreements have indefinite useful lives.

Goodwill

Goodwill relates solely to a corresponding deferred tax liability on management rights with an indefinite useful life which was recognised on the acquisition of the APG Group. Goodwill is excluded from annual impairment testing.

Impairment testing of management rights

Management rights with an indefinite useful life are tested annually for impairment or when there are indicators of impairment. Management rights are considered to be impaired if their recoverable amount is less than their carrying amount.

No impairment expense was recognised for the year ended 30 June 2020.

The recoverable amount of management rights was determined based on the fair value less cost to sell approach and valued using discounted cash flow projections. Key assumptions adopted in the discounted cash flow valuation are as follows:

Assumption	2020	2019
Cash flows	5 years	5 years
Terminal growth rate	2.0%	2.0%
Discount rate applied to cash flow projections	8.7%	8.3%

Cash flow projections were based on management contracts. Cash flows beyond the projected period are extrapolated using estimated growth rates.

Terminal growth rates are estimated based on the expected long-term earnings growth of the AHL Group and macro-economic factors. Discount rates applied to cash flow projections are calculated by reference to the Group's weighted average cost of capital. Discount rates are adjusted for risks specific to the cash generating unit.

The recoverable amount of management rights would equal its carrying amount if the terminal growth rate decreased from 2.0% to 1.8% or the discount rate increased from 8.7% to 8.8%.

As growth and discount rates are unobservable inputs in the valuation process they are considered 'Level 3' in the fair value hierarchy.

Critical estimates and judgements

The recoverable amount of goodwill and management rights with an indefinite useful life are estimated based on projected future cash flows. Key assumptions underlying these calculations include growth rates and discount rates. The COVID-19 pandemic has created a higher degree of estimate uncertainty for forecasting future cash flows, estimating growth rates and calculating discount rates at 30 June 2020.

Significant differences between actual and projected cash flows or changes in discount rates may result in changes to the estimated recoverable amount.

21. Trade and other payables

	Aventus Group June 2020 \$m	Aventus Group June 2019 \$m	AHL Group June 2020 \$'000	AHL Group June 2019 \$'000
Current

23. Lease liabilities

	Aventus Group June 2020 \$m	Aventus Group June 2019 \$m	AHL Group June 2020 \$'000	AHL Group June 2019 \$'000
Current				
Lease liabilities	1.0	–	834	–
Non-current				
Lease liabilities	2.0	–	1,209	–

24. Derivative financial instruments

	Aventus Group June 2020 \$m	Aventus Group June 2019 \$m	AHL Group June 2020 \$'000	AHL Group June 2019 \$'000
Current liabilities				
Interest rate swaps – at fair value	1.8	0.3	–	–
Non-current liabilities				
Interest rate swaps – at fair value	15.0	15.2	–	–

The Aventus Group utilises interest rate swaps to partially hedge against interest rate risk fluctuations. Interest rate swaps have the economic effect of converting borrowings from floating interest rates to fixed interest rates.

At 30 June 2020 the Aventus Group had entered into interest rate swap agreements totalling \$460.0 million (30 June 2019: \$520.0 million) representing 62.3% (30 June 2019: 67.1%) of drawn debt. Key features of the interest rate swaps are summarised as follows:

Maturity date	Notional amount June 2020 \$m	Notional amount June 2019 \$m	Fair value June 2020 \$m	Fair value June 2019 \$m
FY20	–	60.0	–	(0.3)
FY21	125.0	125.0	(1.8)	(2.3)
FY22	120.0	120.0	(3.3)	(3.1)
FY23	125.0	125.0	(5.5)	(5.2)
FY24	90.0	90.0	(6.2)	(4.6)
Total	460.0	520.0	(16.8)	(15.5)

As at 30 June 2020 the fixed rate on the interest rate swaps ranged from 1.89% to 2.43% per annum (30 June 2019: 1.83% to 2.43%).

Interest rate swap contracts require settlement of net interest receivable or payable on a monthly or quarterly basis.

25. Current tax liabilities

	Aventus Group June 2020 \$m	Aventus Group June 2019 \$m	AHL Group June 2020 \$'000	AHL Group June 2019 \$'000
Current				
Provision for income tax	–	0.7	–	653

26. Provision for employee benefits

	Aventus Group June 2020 \$m	Aventus Group June 2019 \$m	AHL Group June 2020 \$'000	AHL Group June 2019 \$'000
Current				
Provision for employee benefits	0.4	0.5	379	532
Non-current				
Provision for employee benefits	0.2	0.2	222	193

Employee benefits represent liabilities for annual leave and long service leave.

The current portion of this liability includes all of the accrued annual leave and the unconditional entitlements to long service leave where employees have completed the required period of service. The entire amount of the annual leave provision is presented as current, since the AHL Group does not have an unconditional right to defer settlement for any of these obligations. However, based on past experience it is not expected all employees will take the full amount of accrued leave or require payment within the next 12 months.

27. Deferred revenue

	Aventus Group June 2020 \$m	Aventus Group June 2019 \$m	AHL Group June 2020 \$'000	AHL Group June 2019 \$'000
Current				
Deferred revenue	4.0	2.4	–	–

Deferred revenue represents rental income received in advance. Deferred revenue is recognised as revenue in accordance with note 2(d).

28. Borrowings

Syndicated loan note facility	160.0	160.0	–	160.0	160.0	–
Bi-lateral bank debt facilities	260.0	260.0	–	260.0	260.0	–
Total	820.0	738.4	81.6	820.0	775.4	44.6

Undrawn debt under the syndicated bank debt facility and bi-lateral bank debt facilities may be drawn at any time.

An additional tranche (tranche D) of up to \$100 million may be added to the existing syndicated bank debt facility subject to the satisfaction of certain conditions. No commitment is provided by the banks for this additional tranche and there is no certainty that it will be available in future financial periods.

b) Debt maturity profile – secured debt

Debt maturity profile

c) Syndicated bank debt facility

The syndicated bank debt facility is a revolving cash advance facility.

Loan repayments are interest only with a lump sum payment of all amounts outstanding at the end of the term. Key features of each tranche are summarised as follows:

	Tranche C	Tranche E	Tranche F	Tranche G	Tranche H
Tranche limit	A\$100 million	A\$50 million	A\$50 million	A\$75 million	A\$125 million
Maturity	May 2022	July 2022	July 2022	July 2023	July 2023
Interest	30-day BBSY + margin	90-day BBSY + margin	90-day BBSY + margin	90-day BBSY + margin	30-day BBSY + margin

d) Syndicated loan note facility

Key terms of the syndicated loan note facility at 30 June 2020 are summarised as follows:

Facility limit	A\$160 million
Term	7 years (5-year initial term plus 2 x 1-year extensions at the option of the Aventus Group)
Maturity	January 2025
Interest	90-day BBSY + margin
Repayments	Before 3rd anniversary – non-call period Before 4th anniversary – 105% prepayment Before 5th anniversary – 101% prepayment

e) Bi-lateral bank debt facilities

The Aventus Group has an aggregate of \$260.0 million in bi-lateral bank debt facilities. The facilities are revolving cash advance facilities with maturity dates of July and October 2023.

Loan repayments are interest only with a lump sum payment of all amounts outstanding at the end of the term. Interest is based on 90-day BBSY plus a margin.

f) Compliance with debt covenants

The Aventus Group complied with the financial covenants of its borrowing facilities during the financial year. Key financial covenants are summarised as follows:

- > Interest cover ratio is at least 2 times;
- > Loan to value ratio is less than or equal to 55%; and
- > Total liabilities to total tangible assets ratio is less than or equal to 55%.

Covenants are assessed semi-annually.

g) Security

The Aventus Group's debt facilities are secured by:

- > a first ranking real property mortgage in respect of each property in the portfolio;
- > a first ranking general security deed over all the assets of the guarantors;
- > a first ranking specific security deed over all the shares and units held by the guarantors; and
- > a limited recourse share mortgage provided by ACL.

h) Intra-staple loan**Intra-staple loan**

Key terms are summarised as follows:

Facility limit	\$89,511,000
Term	9 years 11 months
Maturity	September 2028
Interest	90-day BBSW + margin
Repayment	At the maturity date or such earlier date determined by the lender and borrower.

Net deferred tax liabilities	(0.3)	–	(42,075)	(41,807)

30. Contributed equity

	Aventus Group June 2020 \$m	Aventus Group June 2019 \$m	AHL Group June 2020 \$'000	AHL Group June 2019 \$'000
557,117,635 fully paid stapled securities (30 June 2019: 537,474,903)				
ARPF	1,118.2	1,071.2	–	–
AHL	6.9	4.7	61,283	59,062
Total	1,125.1	1,075.9	61,283	59,062

The stapled securities of the Aventus Group comprise one unit in ARPF and one share in AHL. Stapled securities cannot be traded or dealt with separately.

ARPF units

As stipulated in ARPF's constitution, each unit represents a right to an individual share in ARPF and does not extend to a right to the underlying assets of ARPF.

Each unit ranks equally and has the same rights attached to it as with all other units on issue. Each unit confers the right to vote at meetings of unitholders, subject to any voting restrictions imposed on a unitholder under the Corporations Act and the ASX Listing Rules.

AHL shares

Shares in AHL entitle the holder to participate in dividends and to share in the proceeds of winding up AHL in proportion to the number of and amounts paid on the shares held. On a show of hands every shareholder present at a meeting in person or by proxy, is entitled to one vote, and upon a poll each share is entitled to one vote. Shares have no par value and AHL does not have a limited amount of authorised capital.

A reconciliation of the movement in contributed equity of the Aventus Group during the financial year is as follows:

	Number of stapled securities	ARPF \$m	AHL \$m	Aventus Group \$m

Total	0.1	–	42	8
Total	1.0	0.1	42	8

Nature and purpose of reserves

Security based payments reserve

The security-based payments reserve is used to recognise the fair value of equity settled security-based payments provided to executives, including key management personnel, and employees as part of their remuneration.

Restricted stapled securities reserve

The restricted stapled securities reserve is used to recognise the cost of restricted stapled securities issued and held in trust on behalf of participants of the Executive Incentive Scheme and Employee Security Scheme for the duration of the vesting period by the Aventus Group Employee Security Trust. At the vesting date amounts recorded in the restricted stapled securities reserve are transferred to the security-based payments reserve.

A reconciliation of the movement in the security-based payments reserves during the financial year is as follows:

	Aventus Group 2020 \$m	Aventus Group 2019 \$m	AHL Group 2020 \$'000	AHL Group 2019 \$'000

June quarter	2.35	13.1	4.18	22.5
Total	11.90	65.8	16.57	87.0

Distribution reinvestment plan (“DRP”)

During the financial year the Aventus Group operated a distribution reinvestment plan (“DRP”) under which securityholders may elect to reinvest all or part of their distributions or dividends in new stapled securities rather than being paid in cash. The last date for the receipt of an election notice for participation in the DRP is the next business day after the record date for the respective distribution or dividend. The DRP price is determined as the average of the daily volume weighted average price of the stapled securities sold on the Australian Securities Exchange during a ten-day trading period prior to the payment date for the distribution or dividend, less a discount (if any).

The DRP unit price for the quarters ended 30 September 2019 and 31 December 2019 included a discount of 2%.

The DRP was suspended for the quarter ended 31 March 2020 but reinstated for the quarter ended 30 June 2020 with no discount.

DRP underwriting agreement

During the financial year the Aventus Group entered into an agreement with Macquarie Capital (Australia) Limited to act as sole underwriter of an offer of stapled securities under its DRP for the quarters ended 30 June 2019 and 30 September 2019.

35. Security based payments

Executive incentive scheme (EIS)

EIS participants, subject to achieving certain Key Performance Indicators (KPIs), are entitled to receive variable remuneration consisting of annual cash awards and grants of stapled securities vesting over 2, 3 and 4 years.

KPIs must be satisfied over the relevant performance period. To the extent the KPIs are satisfied, EIS awards will be delivered 50% in cash and 50% in restricted stapled securities.

The cash award will be paid following the end of the performance period. In response to the impact of COVID-19 the cash component for the year ended 30 June 2020 was replaced by restricted stapled securities vesting in February 2021.

The restricted stapled securities will be granted following the end of the performance period, and will vest in three tranches following release of full-year results for the first, second and third financial years immediately following the performance period:

- > 33.33% of the restricted stapled securities will vest approximately two years after the start of the performance period;
- > 33.33% of the restricted stapled securities will vest approximately three years after the start of the performance period; and
- > 33.34% of the restricted stapled securities will vest approximately four years after the start of the performance period;

providing the participant remains an employee until the relevant vesting date and the board has not determined that a “clawback” of any restricted stapled securities is required.

The diagram below provides an illustration of how the EIS operates for a single performance period of one year, assuming all KPIs are achieved. The Aventus Group intends to offer EIS awards annually. As the EIS progresses, the vesting of restricted equity awards will become cumulative.

The number of restricted stapled securities to be allocated to each participant is determined by dividing the dollar value of the equity component of the EIS by the volume weighted average price of stapled securities, measured over the ten trading days following release of full-year results for the performance period’s financial year.

Employee security scheme (ESS)

For the year ended 30 June 2020 the People, Culture and Remuneration Committee has implemented a one-off ESS whereby participants will be entitled to receive restricted stapled securities based on either a percentage of the reduction in remuneration taken or for contributions made to the business in response to the COVID-19 pandemic. The ESS excludes KMP. The restricted stapled securities will vest in February 2021 subject to forfeiture of unvested amounts on resignation or termination prior to vesting.

In the prior financial year, a one-off grant of restricted stapled securities was issued to selected employees in October 2018 in connection with the internalisation of management. The restricted stapled securities will vest in two equal tranches over a two-year period from 1 October 2018 subject to forfeiture of unvested amounts on resignation or termination for cause during that period.

Grants of restricted stapled securities are accounted for in accordance with AASB 2 *Share Based Payments*. The fair value of the restricted stapled securities are recognised as employee benefits expenses over the relevant vesting period with a corresponding increase in equity via a security-based payments reserve. When restricted stapled securities are issued they are held in trust, on behalf of EIS or ESS participants, for the duration of the vesting period by the Aventus Group Employee Security Trust. The cost of issued restricted stapled securities is initially recognised in a reserve and subsequently transferred to the security-based payments reserve on vesting date.

A reconciliation of the number of restricted stapled securities granted and vested during the financial year is as follows:

Number of restricted stapled securities	2020	2019
Opening balance	287,581	–
Issued	171,664	287,581
Vested	(143,791)	–
Closing balance	315,454	287,581

Notes to the Consolidated Financial Statements

a) Subsidiaries

As disclosed in note 1 to the financial statements the Aventus Group is a stapled entity comprising ARPF and its controlled entities and AHL and its controlled entities. In accordance with AASB 3 *Business Combinations* ARPF has been deemed the parent entity of the Aventus Group. ARPF has no legal ownership of AHL and its controlled entities.

Subsidiaries of ARPF are set out below. All subsidiaries are incorporated in Australia.

Related party receivables are unsecured and are usually collected within 30 days of recognition. There is no allowance account for impaired receivables in relation to any outstanding balances, and no expense has been recognised in respect of impaired receivables due from related parties.

f) Key related party contracts

Kotara Home call option and pre-emptive deed

The Aventus Group's Kotara Home (South) property ("Kotara South") is adjacent to another property ("Kotara North") which is owned by an entity associated with Brett Blundy. The respective owners have entered into the Kotara Call Option and Pre-emptive Deed under which:

- > The owner of Kotara South grants to the owner of Kotara North a call option to acquire Kotara South ("Call Option"); and
- > The owner of Kotara North and the owner of Kotara South have each granted the other reciprocal pre-emptive rights in the event that either of them wishes to sell their respective Kotara properties ("Pre-emptive Right").

Further information relating to the Call Option and the Pre-emptive Right is outlined below.

Call option

Where as a result of a vote of the unitholders in ARPF, there is a change of the responsible entity of ARPF to an entity who is not a member of the APG Group ("Call Option Event") the following process will apply:

- > The owner of Kotara North may require a valuation to be conducted on Kotara South, with two independent valuers to be appointed – one by the owner of Kotara North Owner and one by the new responsible entity;
- > the purchase price for Kotara South will be the average of the two valuations; and
- > upon receipt of those valuations, the owner of Kotara North may exercise the call option and purchase Kotara South for the relevant purchase price so determined.

Pre-emptive right

Under the pre-emptive right, where an owner wishes to deal with their Kotara property, it must give notice to the other owner of the proposed sale terms which will constitute an offer to the relevant recipient to acquire the selling owner's Kotara property. The owner will have 40 days to accept those sale terms. If the offer is not accepted, then the owner selling its Kotara asset may sell to another third party within six months on terms and at a price that are no more favourable to the proposed purchaser than the terms offered under the pre-emptive right.

Notes to the Consolidated Financial Statements

continued

37. Fair value measurement

Aventus Group

This note provides information about how the Aventus Group determines fair value of assets and liabilities.

Assets and liabilities measured at fair value on a recurring basis

Investment properties and derivative financial instruments are measured at fair value on a recurring basis.

To provide an indication about the reliability of inputs used in determining fair value, assets and liabilities are classified into three levels prescribed under accounting standards. An explanation of each level is outlined below:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 – Inputs for the asset or liability are not based on observable market data (unobservable inputs).

The following table summarises assets and liabilities measured and recognised at fair value on a recurring basis:

	Note	Level 2		Level 3		Total	
		June 2020 \$m	June 2019 \$m	June 2020 \$m	June 2019 \$m	June 2020 \$m	June 2019 \$m
Non-financial assets							
Investment properties	19	–	–	1,930.3	1,973.8	1,930.3	1,973.8
Financial liabilities							
Derivative financial instruments	24	16.8	15.5	–	–	16.8	15.5

There were no transfers between levels of fair value measurement during the financial year.

No financial assets or liabilities were measured at fair value on a non-recurring basis as at 30 June 2020 or 30 June 2019.

Valuation techniques used to derive level 2 fair values

The only level 2 assets or liabilities measured at fair value are interest rate swaps. The fair value of interest rate swaps is estimated using the discounted cash flow technique. Future cash flows are estimated based on forward interest rates (from observable yield curves at the end of the reporting period) and contract forward rates, discounted at a rate that reflects the credit risk of various counterparties.

Critical estimates and judgements

The fair value of derivative assets and liabilities are based on assumptions of future events and involves significant estimates. The fair value of the derivatives at the reporting date may differ if there is volatility in market rates.

Valuation techniques used to derive level 3 fair values

The only level 3 assets or liabilities measured at fair value are investment properties. Independent valuations are obtained for investment properties at least every two years. At the end of each reporting period, the directors update their assessment of the fair value of each property, taking into account the most recent independent valuations. The directors determine a property's value within a range of reasonable fair value estimates.

The fair value of investment properties is determined using recognised valuation techniques including the capitalisation of net income method and discounted cash flow method. Key inputs used in determining property values as at 30 June 2020 and 30 June 2019 are outlined below. Terminal yields and discount rates relate solely to independent valuations at balance date.

	Range 30 June 2020	Weighted average 30 June 2020	Range 30 June 2019	Weighted average 30 June 2019
Net passing rent (\$ per square metre)	\$153 to \$396	\$283	\$143 to \$388	\$278
Net market rent (\$ per square metre)	\$155 to \$398	\$287	\$159 to \$388	\$280
Adopted capitalisation rate (%)	5.8% to 7.5%	6.7%	5.5% to 7.5%	6.7%
Adopted terminal yield (%)	6.0% to 7.3%	6.5%	7.3% to 7.8%	7.5%
Adopted discount rate (%)	6.8% to 8.0%	7.2%	7.8% to 8.8%	8.1%

In determining the valuation of all investment properties measured at recurring fair value, consideration has been given to the highest and best use of those properties.

Critical estimates and judgements and the impact of the COVID-19 pandemic

Critical assumptions underlying the estimated fair value of investment properties are those relating to passing and market rents, capitalisation rates, terminal yields and discount rates. If there is any change in these assumptions or economic conditions the fair value of investment properties may differ.

The COVID-19 pandemic has created a higher degree of estimation uncertainty for investment property valuations. As a result, independent valuations at 30 June 2020 are reported on the basis of 'significant valuation uncertainty'. This implies valuations are current at the valuation date only and less certainty and a higher degree of caution should be attached to the valuation. Estimated fair values may change significantly and unexpectedly over a relatively short period of time.

To reflect the impact of COVID-19 independent valuers have adjusted a number of valuation inputs and estimates, where appropriate, including lower probabilities of tenant retention, lower market rent growth rates, longer lease up periods, increased leasing allowances and adjustments to capitalisation and discount rates to reflect the uncertainty in the amount and timing of cash flows. Valuations also include deductions for the cost of estimated rental relief to be provided to tenants. Where appropriate director valuations have adopted the same adjustment process as used for independent valuations.

While these estimates have been formed after careful consideration and consultation COVID-19 is a unique and continually evolving event. The fair value assessment of investment properties incorporates a best estimate of the impact of COVID-19 using information available at the time of preparing the valuations and conditions existing at the reporting date. The duration and depth of the pandemic are unknown at reporting date. In the event the impacts of the COVID-19 pandemic are more severe or prolonged than anticipated this may have an adverse impact on the fair value of the portfolio.

Sensitivity analysis

Valuation input	Relationship of valuation input to fair value
Net passing rent	The higher net passing rent, the higher the fair value.
Net market rent	The higher net market rent, the higher the fair value.
Adopted capitalisation rate	The higher the capitalisation rate, the lower the fair value.
Adopted terminal yield	The higher the termination yield, the lower the fair value.
Adopted discount rate	The higher the discount rate, the lower the fair value.

The sensitivity analysis below shows the impact a 0.25% and 0.50% increase in the weighted average capitalisation rate of the portfolio would have on the fair value of the portfolio. The analysis assesses the movement in capitalisation rates in isolation and assumes all other inputs are held constant.

	Capitalisation rate +0.25%	Capitalisation rate +0.50%
Decrease in fair value (\$m)	(69.2)	(133.7)
Decrease in fair value (%)	(3.6)	(6.9)

AHL Group

The AHL Group does not have any assets and liabilities which are measured at fair value.

Assets and liabilities not measured at fair value

The Aventus Group and AHL Group have a number of financial assets and liabilities which are not measured at fair value. The fair values of these assets and liabilities are not materially different to their carrying amounts disclosed in the consolidated balance sheet.

38. Capital management

The Aventus Group and AHL Group have a capital management framework which is approved and monitored by the board of directors. The framework aims to safeguard the Aventus Group's and AHL Group's ability to continue as a going concern, so it can continue to provide returns for securityholders and maintain an optimal capital structure to reduce the cost of capital.

The Aventus Group's and AHL Group's capital structure consists of cash, borrowings and equity. In determining the optimal capital structure, the directors take into account a number of factors including the capital needs of its business, the relative cost of debt versus equity, the execution and market risk of raising equity or debt, the financial risks of debt including increased volatility of earnings due to exposure to interest rate movements, the liquidity risk of maturing debt facilities and the market in general.

The capital mix maybe adjusted by issuing new stapled securities, adjusting the amount of distributions and dividends paid to securityholders, increase borrowings or sell assets to reduce debt.

The Aventus Group's capital position is monitored via its gearing ratio. Gearing at 30 June 2020 was 36.0% (30 June 2019: 38.7%). The Aventus Group's strategy is to maintain a gearing ratio of between 30% and 40%.

Notes to the Consolidated Financial Statements

continued

39. Financial risk management

Aventus Group

The Aventus Group's activities expose it to financial risks including interest rate risk, liquidity risk and credit risk.

a) Interest rate risk

Interest rate risk is the risk that the fair value of cash flows of a financial instrument will fluctuate due to changes in market interest rates. The main interest rate risk arises from borrowings with variable interest rates. The Aventus Group manages interest rate risk by using floating to fixed interest rate swaps which have the effect of converting a portion of borrowings from variable to fixed interest rates. The policy for maintaining minimum levels of borrowings at fixed rates using interest rate swaps varies depending upon the maturity profile of the debt.

Exposure to interest rate risk from borrowings is summarised in the table below:

	Aventus Group June 2020 \$m	Aventus Group June 2019 \$m
Floating rate borrowings		
Syndicated bank debt facility	318.4	355.4
Syndicated loan note facility	160.0	160.0
Bilateral bank debt facilities	260.0	260.0
Derivative financial instruments		
Interest rate swaps (notional principal amount)	(460.0)	(520.0)
Net interest rate exposure	278.4	255.4

Further details of borrowings and interest rate swaps held at 30 June 2020 and 30 June 2019 are disclosed in notes 28 and 24 respectively.

Interest rate risk sensitivity

The impact of a 0.5% increase/decrease in market interest rates at balance date would result in a \$1.4 million (2019: \$1.3 million) decrease/increase in profit or loss per annum.

b) Liquidity risk

Liquidity risk is the risk that the Aventus Group will not be able to meet its financial obligations as they fall due. Management manages liquidity by ensuring there is sufficient cash and/or committed undrawn borrowings available. Management prepares and monitors rolling forecasts of liquidity reserves, comprising cash and undrawn borrowing facilities, on the basis of expected future cash flows. Financing arrangements, debt maturity profiles and access to undrawn borrowing facilities at 30 June 2020 and 30 June 2019 are disclosed in note 28.

Maturities of financial liabilities

The tables below analyse financial liabilities into relevant maturity groupings based on their contractual maturities for:

- all non-derivative financial liabilities, and
- derivative financial instruments for which the contractual maturities are essential for an understanding of the timing of the cash flows.

The amounts disclosed in the table are the contractual undiscounted cash flows. For interest rate swaps the cash flows have been estimated using forward interest rates applicable at the end of the reporting period.

30 June 2020

Contractual maturities of financial liabilities	Less than 6 months \$m	6–12 months \$m	1 to 3 years \$m	3–5 years \$m	Greater than 5 years \$m	Total contracted cash flows \$m	Carrying amount of liabilities \$m
Non-derivative							
Payables	23.1	–	–	–	–	23.1	23.1
Distributions payable	13.1	–	–	–	–	13.1	13.1
Lease liabilities	0.6	0.6	1.7	0.4	–	3.3	3.0
Borrowings	5.8	5.7	220.2	544.1	–	775.8	735.0
Total	42.6	6.3	221.9	544.5	–	815.3	774.2
Derivative							
Interest rate swaps	4.6	4.2	7.3	0.4	–	16.5	16.8

30 June 2019

Contractual maturities of financial liabilities	Less than 6 months \$m	6–12 months \$m	1 to 3 years \$m	3–5 years \$m	Greater than 5 years \$m	Total contracted cash flows \$m	Carrying amount of liabilities \$m
Non-derivative							
Payables	21.6	–	–	–	–	21.6	21.6
Distributions payable	22.5	–	–	–	–	22.5	22.5
Borrowings	10.8	10.7	142.7	583.7	163.0	910.9	770.8
Total	54.9	10.7	142.7	583.7	163.0	955.0	814.9
Derivative							
Interest rate swaps	2.1	1.9	5.7	0.8	–	10.5	15.5

c) Credit risk

Risk management and security

Credit risk is the risk that a customer or counterparty to a financial instrument will default on their contractual obligations resulting in a financial loss to the Aventus Group. The Aventus Group's credit risk arises from cash and cash equivalents and receivables. The carrying amount of these financial assets disclosed in the consolidated balance sheet represents the maximum credit exposure at 30 June 2020 and 30 June 2019.

To manage credit risk in relation to cash and cash equivalents, deposits are held with financial institutions with AA- Standards and Poor's credit ratings. To manage credit risk in relation to receivables, tenants are billed monthly in advance. For some tenants collateral may also be obtained in the form of security deposits, bank guarantees or rental guarantees. Management also monitors tenancy exposure across its portfolio on a monthly basis.

Trade receivables and loss allowance

Trade receivables are comprised mainly of rental payments due from tenants. The Aventus Group applies the AASB 9 simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all trade receivables. Expected loss rates are based on historical payment profiles adjusted for current and forward-looking macroeconomic factors affecting the ability of debtors to settle the receivables.

Notes to the Consolidated Financial Statements

continued

39. Financial risk management continued

Aventus Group continued

A reconciliation of the movement in the loss allowance during the financial year is as follows:

	2020 \$m	2019 \$m
Balance at the beginning of the financial year	0.6	0.4
Increase in loss allowance recognised in profit or loss during the year	6.3	0.5
Receivables written off during the year as uncollectable	(0.2)	(0.3)
Balance at the end of the financial year	6.7	0.6

Critical estimates and judgements

COVID-19 has created a higher degree of estimation uncertainty in calculating the loss allowance at 30 June 2020. The loss allowance incorporates COVID-19 specific adjustments for rental relief granted or expected to be granted to tenants plus other adjustments based on retailer types, industries, geographical locations and/or specific tenant circumstances. If there are any changes in these assumptions or economic conditions the actual loss allowance required may differ.

Impaired receivables

Impaired receivables are written-off when there is no reasonable expectation of recovery. Indicators that there is no reasonable expectation of recovery include, amongst other:

- > agreed abatement terms with debtors;
- > significant financial difficulties of the debtor;
- > failure to comply with repayment plans;
- > probability the debtor will enter bankruptcy or financial reorganisation, and
- > default or failure to make contractual payments for a period of 120 days past due.

Impairment losses on rental receivables are presented as property expenses in the consolidated statement of comprehensive income. Subsequent recovery of amounts previously written-off are credited against the same line item.

AHL Group

The AHL Group's activities expose it to financial risks including interest rate risk, liquidity risk and credit risk.

a) Interest rate risk

Interest rate risk is the risk that the fair value of cash flows of a financial instrument will fluctuate due to changes in market interest rates. The main interest rate risk arises from borrowings from ARPF which are disclosed in note 28 to the financial statements.

Interest rate risk sensitivity

The impact of a 0.5% increase/decrease in market interest rates at balance date would result in a \$425,000 increase/decrease in profit or loss per annum.

b) Liquidity risk

Liquidity risk is the risk that the AHL Group will not be able to meet its financial obligations as they fall due. Management manages liquidity by ensuring there is sufficient cash and/or committed undrawn borrowings available.

Management prepares and monitors rolling forecasts of liquidity reserves, comprising cash and undrawn borrowing facilities, on the basis of expected future cash flows.

Financing arrangements, debt maturity profiles and access to undrawn borrowing facilities at 30 June 2020 and 30 June 2019 are disclosed in note 28.

Maturities of financial liabilities

The tables below analyse financial liabilities into relevant maturity groupings based on their contractual maturities for all financial liabilities. The amounts disclosed in the table are the contractual undiscounted cash flows.

30 June 2020

Contractual maturities of financial liabilities	Less than 6 months \$'000	6–12 months \$'000	1 to 3 years \$'000	3–5 years \$'000	Greater than 5 years \$'000	Total contracted cash flows \$'000	Carrying amount of liabilities \$'000
Payables	3,249	–	–	–	–	3,249	3,249
Lease liabilities	464	476	1,307	–	–	2,247	2,042
Borrowings	1,448	1,424	5,744	5,752	94,053	108,421	84,941
Total	5,161	1,900	7,051	5,752	94,053	113,917	90,232

30 June 2019

Contractual maturities of financial liabilities	Less than 6 months \$'000	6–12 months \$'000	1 to 3 years \$'000	3–5 years \$'000	Greater than 5 years \$'000	Total contracted cash flows \$'000	Carrying amount of liabilities \$'000
Payables	2,178	–	–	–	–	2,178	2,178

c) Credit risk

Risk management and security

Credit risk is the risk that a customer or counterparty to a financial instrument will default on their contractual obligations resulting in a financial loss to the AHL Group.

The AHL Group's credit risk arises from cash and cash equivalents and receivables. The carrying amount of these financial assets disclosed in the consolidated balance sheet represents the maximum credit exposure at 30 June 2020 and 30 June 2019.

To manage credit risk in relation to cash and cash equivalents, deposits are held with financial institutions with AA- Standards and Poor's credit ratings.

In relation to receivables, the AHL Group has a significant concentration of receivables due from the ARPF. Management has no concerns regarding the recoverability of these receivables taking into account the underlying financial position of ARPF and past payment history.

Impaired receivables

There were no impaired receivables at 30 June 2020 or 30 June 2019.

Impaired receivables are written-off when there is no reasonable expectation of recovery. Indicators that there is no reasonable expectation of recovery include:

- > significant financial difficulties of the debtor;
- > probability the debtor will enter bankruptcy or financial reorganisation, and
- > default or delinquency in payments (more than 120 days overdue).

Impairment losses on receivables are presented as net impairment losses in the consolidated statement of comprehensive income. Subsequent recovery of amounts previously written-off are credited against the same line item.

Receivables past due but not impaired

As at 30 June 2020 and 30 June 2019 no trade receivables were past due.

Notes to the Consolidated Financial Statements

continued

40. Commitments

Capital commitments

Significant capital expenditure contracted for at balance date but not recognised as liabilities is as follows:

	Aventus Group June 2020 \$m	Aventus Group June 2019 \$m	AHL Group June 2020 \$'000	AHL Group June 2019 \$'000
Development expenditure	8.0	2.9	–	–
Acquisition of development land	13.0	–	–	–
	21.0	2.9	–	–

Acquisition of development land

On 17 June 2020 the Aventus Group exchanged contracts to acquire development land adjoining Epping Hub for \$11.5 million excluding GST. The land is zoned for mixed use, retail, residential, office, medical and large format retail.

Total outstanding commitments under the contract at 30 June 2020, including GST, stamp duty and settlement adjustments, amounted to \$13.0 million. The acquisition was settled on 20 July 2020.

41. Contingencies

Bank guarantees

	Aventus Group June 2020 \$m	Aventus Group June 2019 \$m	AHL Group June 2020 \$'000	AHL Group June 2019 \$'000
ARPF facility	4.1	1.1	–	–
Aventus Services Pty Ltd facility	–	0.5	–	478
Total	4.1	1.6	–	478

ARPF facility

ARPF has a \$5.0 million bank guarantee facility which expires in July 2023. At 30 June 2020 \$4.1m of bank guarantees had been issued including a:

- > \$1.1 million guarantee relating to the redevelopment of investment properties (30 June 2019: \$1.1 million).
- > \$2.5m guarantee provided to ACL in relation to its Australian Financial Services Licence (30 June 2019: Nil). The guarantee has been eliminated on consolidation of the Aventus Group and represents a contingent asset of ACL.
- > \$0.5 million relating to the lease of office premises (30 June 2019: Nil).

Aventus Services Pty Ltd facility

The Aventus Services Pty Ltd facility was terminated in June 2020.

As at 30 June 2019 the facility was fully drawn from the issue of a \$478,000 bank guarantee relating to the lease of office premises.

Drawn bank guarantees represent contingent liabilities and do not form part of borrowings disclosed in the consolidated balance sheet. Drawn bank guarantees are also excluded from total borrowings when calculating debt covenants.

There were no other contingent liabilities or assets at 30 June 2020 or 30 June 2019.

42. Remuneration of auditors

The auditor of the Aventus Group is Ernst & Young. The following fees were paid or payable to Ernst & Young for services provided during the financial year.

	Aventus Group 2020 \$'000	Aventus Group 2019 \$'000	AHL Group 2020 \$	AHL Group 2019 \$
Fees for auditing the statutory financial report				
Audit and review of financial reports of the group and controlled entities	298	343	41,000	41,000
Fees for assurance services required by legislation to be provided by the auditor				
Australian Financial Services Licence audit	5	5	6,000	6,000
Fees for other assurance services				
Compliance plan audit	20	20	–	–
Other assurance services	92	467	–	–
Total audit and other assurance services	415	835	47,000	47,000
Non-audit services				
Remuneration services	–	141	–	–
Consulting services	–	20	–	–
Total non-audit services	–	161	–	–
Total fees to Ernst & Young	415	996	47,000	47,000

43. Offsetting financial assets and liabilities

At 30 June 2020 and 2019 there were no financial assets and liabilities that were offset in the Aventus Group or AHL Group consolidated balance sheets.

ISDA Master Agreements

Agreements with derivative counterparties are based on an ISDA Master Agreement. Under the terms of these arrangements, only where certain credit events occur (such as default), the net position payable/receivable to a single counterparty in the same currency will be taken as owing and all the relevant arrangements terminated. As the Aventus Group does not presently have a legally enforceable right of set-off, these amounts have not been offset in the balance sheet.

44. Events occurring after the reporting period

Acquisition of development land

On 20 July 2020 the Aventus Group settled the acquisition of development land adjoining Epping Hub for \$11.5 million excluding GST. Refer to note 40 for further information.

Former Masters Lease at Cranbourne Home

A subsidiary of the Aventus Group, Aventus Cranbourne Thompsons Road Pty Ltd, is the lessor (Landlord) under the lease of the former Masters store at Cranbourne Home (Head Lease).

As announced in September 2019 the Landlord appealed the judgement of the Supreme Court of Victoria in relation to the provision of its consent to a proposed sub-lease of part of the premises at Cranbourne previously occupied by Masters.

On 5 August 2020 it was announced the appeal was successful. The Court of Appeal found the Landlord did not act unreasonably in regards to the requests and set aside the decision of the trial judge.

The Head Lease remains on foot until 30 September 2030 including the guarantee by Woolworths Limited for the performance by Home Consortium Leasehold Pty Ltd (formerly Masters Home Improvement Australia Pty Ltd) of its obligations under the Head Lease.

There has not been any other matter or circumstance occurring subsequent to the end of the financial year that has significantly affected, or may significantly affect, the operations of the Aventus Group or AHL Group, the results of those operations, or the state of affairs of the Aventus Group or AHL Group in future financial years.

Notes to the Consolidated Financial Statements

continued

45. Parent entity information

a) Summary financial information

The individual financial statements for ARPF and AHL show the following aggregate amounts:

	ARPF 2020 \$m	ARPF 2019 \$m	AHL 2020 \$'000	AHL 2019 \$'000
Statement of comprehensive income				
Profit/(loss) for the year	32.4	45.7	(2,398)	(2,814)
Total comprehensive income for the year	32.4	45.7	(2,398)	(2,814)

	ARPF June 2020 \$m	ARPF June 2019 \$m	AHL June 2020 \$'000	AHL June 2019 \$'000
Balance sheet				
Current assets	36.7	6.4	1,131	1,976
Non-current assets	1,605.9	1,665.0	148,181	148,282
Total assets	1,642.6	1,671.4	149,312	150,258
Current liabilities	(22.2)	(27.7)	(641)	(4,499)
Non-current liabilities	(750.0)	(785.9)	(92,558)	(89,511)
Total liabilities	(772.2)	(813.6)	(93,199)	(94,010)
Net assets	870.4	857.8	56,113	56,248
Contributed equity	1,154.0	1,107.0	61,283	59,062
Reserves	0.9	–	42	–
Accumulated losses	(284.5)	(249.2)	(5,212)	(2,814)
Total equity	870.4	857.8	56,113	56,248

b) Guarantees entered into by the parent entity

With the exception of guarantees provided in relation to the Aventus Group's debt facilities ARPF and AHL had not provided any guarantees as at 30 June 2020 or 30 June 2019.

c) Contingent liabilities of the parent entity

With the exception of items disclosed in note 41 to the financial statements ARPF and AHL did not have any contingent liabilities as at 30 June 2020 or 30 June 2019.

d) Contractual commitments

ARPF and AHL did not have any contractual commitments as at 30 June 2020 or 30 June 2019.

e) Determining the parent entity financial information

The financial information for ARPF and AHL have been prepared on the same basis as the consolidated financial statements with the exception of the following:

- > Investments in subsidiaries and associates are recorded at cost. Distributions or dividends received from subsidiaries and associates are recognised in profit or loss when its right to receive the distribution or dividend is established.

Directors' Declaration

In the directors' opinion:

- a) the financial statements and notes of the Aventus Group and AHL Group are in accordance with the *Corporations Act 2001*, including:
 - i. complying with Accounting Standards, the Corporations Regulations 2001 and other mandatory professional reporting requirements, and
 - ii. giving a true and fair view of the consolidated financial position of the Aventus Group and AHL Group as at 30 June 2020 and of their performance for the financial year ended on that date, and
- b) there are reasonable grounds to believe that ARPF and AHL will be able to pay their debts as and when they become due and payable.

The financial statements of the Aventus Group and AHL Group also comply with International Financial Reporting Standards as disclosed in note 1(b) to the financial statements.

The directors have been given the declarations by the chief executive officer and chief financial officer required by section 295A of the *Corporations Act 2001*.

This declaration is made in accordance with a resolution of the directors of ACL and AHL made pursuant to s295(5) of the *Corporations Act 2001*.

Independent Auditor's Report to the Stapled Security Holders of Aventus Group

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of Aventus Group (the Group) which comprises of Aventus Retail Property Fund (the Fund) and its subsidiaries, and Aventus Holdings Limited (AHL or the Company) and its subsidiaries, and which comprises:

- the Group consolidated and Company consolidated statements of financial position as at 30 June 2020;
- the Group consolidated and Company consolidated statements of comprehensive income, statements of changes in equity and statements of cash flows for the year then ended;
- notes to the financial statements, including a summary of significant accounting policies; and
- the directors' declaration.

In our opinion, the accompanying financial report is in accordance with the *Corporations Act 2001*, including:

- a) giving a true and fair view of the Company's and the Group's financial position as at 30 June 2020 and of their financial performance for the year ended on that date; and
- b) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Building a better
working world**

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial report of the current year. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, but we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial report. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial report.

Investment Property Portfolio - Determination of fair value

Why significant	How our audit addressed the key audit matter
<p>The Group's total assets include investment properties either held directly or through an interest in an Associate. These assets are carried at fair value, which is assessed by the directors with reference to either external independent property valuations or internal valuations and are based on market conditions existing at the reporting date.</p> <p>As disclosed in note 2(n), the valuation of investment properties is inherently subjective. A small difference in any one of the key market input assumptions, when aggregated across all the properties, could result in a significant change to the valuation of investment properties.</p> <p>Two approaches are generally used: the Income Capitalisation approach and the Discounted Cash Flow approach to arrive at a range of valuation outcomes, from which the valuers derive their best estimate of the value at a point in time.</p> <p>We have considered this a key audit matter due to the number of judgments required in determining fair value.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> • We discussed the following matters with management: <ul style="list-style-type: none"> ▸ movements in the Group's investment property portfolio; ▸ changes in the condition of each property; ▸ controls in place relevant to the valuation process; and ▸ the impact that COVID-19 has had on the Group's investment property portfolio including rent abatements offered to tenants and tenant occupancy risk arising from changes in the estimated lease renewals. • On a sample basis, we performed the following procedures for selected properties: <ul style="list-style-type: none"> ▸ Evaluated the key assumptions and agreed passing rental income to tenancy schedules. These assumptions and inputs included market and contractual rent, occupancy rates including forecast occupancy levels, forecast rent, lease terms, re-leasing costs, operating expenditure and future capital expenditure. We assessed the effectiveness of relevant controls over the leasing process and associated tenancy reports which are used as source data in the property valuations by testing the relevant controls.

Independent Auditor's Report

continued

Investment Property Portfolio - Determination of fair value (continued)

Why significant

As at 30 June 2020 there is valuation uncertainty arising from the COVID-19 pandemic and the response of Governments to it. This means there is a wider range of possible assumptions and values than at other valuation points in the past. In addition, property values may change unexpectedly over a relatively short period of time.

Given the market conditions at balance date, the independent valuers have reported on the basis of the existence of 'material valuation uncertainty', noting that less certainty, and a higher degree of caution, should be attached to the valuations than would normally be the case. In this situation the disclosures in the financial statements provide particularly important information about the assumptions made in the property valuations and the market conditions at 30 June 2020.

For these reasons we consider it important that attention is drawn to the information in Notes 3 and 19 in assessing the property valuations at 30 June 2020.

How our audit addressed the key audit matter

- ▶ Assessed whether COVID-19 relief provided to tenants had been factored into the valuations and that changes in tenant occupancy risk were also considered.
- ▶ Tested the mathematical accuracy of internal valuations.
- ▶ Involved our real estate valuation specialists to assist with the assessment of the valuation assumptions and methodologies, in particular changes made as a result of COVID-19.
- ▶ Where relevant we compared the valuation against comparable transactions utilised in the valuation process.
- ▶ Evaluated the suitability of the valuation methodology across the portfolio based on the type of asset. We considered the reports of the independent valuers which included the impact that COVID-19 has had on key assumptions such as the capitalisation, discount or growth rate and future forecast rentals. We have also considered and responded to restrictions imposed on the valuation process (if any) and the market conditions at balance date.
- ▶ Assessed the qualifications, competence and objectivity of the valuers.
- We have considered whether there have been any indicators of material changes in property valuations from 30 June 2020 up to the date of our opinion or any matters emerging since 30 June 2020 which provide evidence of a material change in valuation at that date. We involved our real estate valuation specialists in making that assessment.
- We have considered whether the financial report disclosures and in particular those relating to the valuation uncertainty are appropriate.

Impairment assessment for goodwill and other intangible assets

Why significant

At 30 June 2020 the Group's and the Company's consolidated statements of financial position includes goodwill and other intangible assets amounting to \$144.2 million and \$186.0 million respectively.

The directors have assessed goodwill and other intangible assets for impairment at 30 June 2020. As disclosed within Notes 3 and 20 of the financial report, the assessment of the impairment of the Group's goodwill and other intangible assets incorporated significant judgments and estimates, specifically concerning factors such as forecast cashflows, discounts rates and terminal growth rates.

As at 30 June 2020 there is increased uncertainty arising from the COVID-19 pandemic and the response of Governments to it. This means that the cash flow forecasts and assumptions may change unexpectedly over a relatively short period of time.

These estimates and assumptions incorporate future performance, market and economic conditions. Minor changes in certain assumptions can lead to significant changes in the recoverable amount of these assets.

Accordingly, we considered this to be a key audit matter due to the uncertainty and judgements required in the impairment testing of goodwill.

How our audit addressed the key audit matter

Our audit procedures included the following:

- Considered the appropriateness and application of valuation methodologies applied;
- Assessed the cash flow forecasts, assumptions and estimates used by the Group, by considering the reliability of the Group's historical cash flow forecasts, our knowledge of the business and corroborating data with external information and other internal data sources where possible;
- Involved our valuation specialists to assess whether the methodology applied was in accordance with Australian Accounting Standards and to evaluate the key assumptions applied in the impairment models, in particular, changes made as a result of COVID-19. These included the discount rates, growth rates, and terminal value assumptions;
- Tested the mathematical accuracy of the impairment testing models including the consistency of relevant data with latest approved forecasts;
- Performed sensitivity analysis on key assumptions including discount rates, terminal growth rates and EBIT forecasts;
- Considered the relationship between the market capitalisation of the business to the net assets of the Group; and
- Assessed the adequacy of the disclosure in the financial report.

Independent Auditor's Report

continued

Information Other than the Financial Report and Auditor's Report Thereon

The directors are responsible for the other information. The other information comprises the information included in the Company's 2020 Annual Report other than the financial report and our auditor's report thereon. We obtained the Directors' Report that is to be included in the Annual Report, prior to the date of this auditor's report, and we expect to obtain the remaining sections of the Annual Report after the date of this auditor's report.

Our opinion on the financial report does not cover the other information and we do not and will not express any form of assurance conclusion thereon, with the exception of the Remuneration Report and our related assurance opinion.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Company's and Group's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or Group or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

**Building a better
working world**

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's or the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's or Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company or the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial report. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated to the directors, we determine those matters that were of most significance in the audit of the financial report of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on the Audit of the Remuneration Report

Opinion on the Remuneration Report

We have audited the Remuneration Report included in pages 26 to 38 of the directors' report for the year ended 30 June 2020.

In our opinion, the Remuneration Report of Aventus Group for the year ended 30 June 2020, complies with section 300A of the *Corporations Act 2001*.

Responsibilities

The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.

The Aventus Group is listed on the Australian Securities Exchange (ASX:AVN).

Website

The Aventus website, www.ventusgroup.com.au provides information on each property in the AVN Portfolio, and an overview of AVN's corporate governance structures. The site also provides security price information and access to reports, presentations and releases made to the ASX.

How do I become a securityholder?

Investors will need to use the services of a stockbroker or an online broking facility to invest in AVN.

Securityholder enquiries

Please contact the Registry if you have any questions about your securityholding or distributions.

Contact details are as follows:

C/- Link Market Services Limited
Locked Bag A14
Sydney South NSW 1235

Telephone: +61 1300 554 474

Facsimile: +61 2 9287 0303

ASX Code: AVN

Email: registrars@linkmarketservices.com.au

Website: www.linkmarketservices.com.au

How do I access my holding online

Visit www.linkmarketservices.com.au and click on "Investor Login" or scan the QR Code to take you to the Investor Centre.

Select from one of the following access methods

- > Login to view your portfolio
- > Register to set up a free portfolio
- > Login via a single holding

Access a variety of holding information

- > View all holdings under your portfolio
- > View current and historical balances, transactions and payment information

Update your details

- > Update your address details, payment instructions and tax details
- > Update your communication preferences and address
- > Lodge your proxy vote for any current meetings

Distribution reinvestment plan (DRP)

A DRP has been established. A copy of the Plan Rules can be obtained from the website.

Electronic payment of distributions

Securityholders may nominate a bank, building society or credit union account for the payment of distributions by direct credit. Payments are electronically credited on the distribution date and confirmed by mailed payment advice.

Publications

The annual report is the main source of information for Securityholders. A half year presentation is available in February each year providing a review of the six months to December. AVN also sends releases to the ASX covering matters of relevance to Securityholders.

Annual tax statements

Accompanying the final distribution payment each year will be an annual tax statement which details tax advantaged components of the year's distribution.

Distributions

Distributions are paid quarterly.

Complaints handling

Complaints made in regard to the Group should be directed to:

The Fund Manager,
Governor Macquarie Tower
Level 33, 1 Farrer Place
SYDNEY NSW 2000

The procedure for lodgement of complaints and complaints handling is set out in the Dispute Resolution Policy. A copy can be found under the Corporate Governance section at www.ventusproperty.com.au

Should a complainant be dissatisfied with the decision made by the responsible entity in relation to a complaint, the complainant is entitled to take the matter up with the Australian Financial Complaints Authority (AFCA) an external and independent industry complaint handling scheme.

AFCA's contact details are:

Consumers: 1800 931 678 | info@afca.org.au

Members: 1300 56 55 62 | membership@afca.org.au

Postal address: GPO Box 3, Melbourne VIC 3001

AFCA Website: www.afca.org.au
